## EVACUATION PERMISSION

Dear Parents and Guardians,

In order to prepare for events where there might be the need to evacuate the school (e.g. – COVID 19, flooding, fire, major power or water outages and other unforeseen circumstances) we are seeking your permission to send your child home early from school if the need arises.

Toronto High School has an emergency management plan to respond to serious incidents. One aspect of that plan involves evacuating the school site. If there is reason to evacuate the school site and if it is deemed safe to allow students to go home, the school will:

- arrange to have the buses and taxis' run their normal route and transport students straight to their normal bus stop as would generally happen after school.
- allow those students who walk/ride/drive to make their own way home as normal.
- arrange for all/some students to be evacuated to another safe location where parents would collect their children when able.

Toronto High School would inform the school community via the Toronto High School Facebook page, the school app and other electronic means where possible such as SMS and email.

Yours sincerely,

✂

.....

I give permission for my child \_\_\_\_\_ of Year \_\_\_\_ Roll Class\_\_\_\_:  
to be sent home from school / or to another safe location in the case of a school evacuation or  
in the event of an unforeseen circumstance that prevents the safe operation of Toronto High  
School as determined by the principal.

**I understand that this permission will be for the full period of my child's enrolment at  
Toronto High School unless I withdraw it through writing.**
