## Headmaster's Message

"Man needs man" and "No man is an island" are expressions, the first by the late and great Albert Schweitzer and the second, with variations, by the comic strip character, Tiny Yokum, that

man is a social animal. Until he realises the need for other men, man remains one of the lower, instinct-motivated animals.

Man needs other men, not only for the benefit they bring him but especially for the good he gains by giving out to them, by serving them.

There are many opportunities for service in your school life as well as later — tending the gardens and school equipment, monitoring duties, acting as class captains, transport and library prefects, school prefects and captains. In the larger world beyond school, as tradesmen, housewives, teachers, lawyers, doctors or nurses the opportunities for service increase many fold.

There is a great deal of groundwork needed before man can serve men. The lawyer must widen and train his powers of logic and reasoning, the teacher his skill with young minds, the surgeon his sureness with the knife and the housewife her homemaking arts.

The education process begins in the home, is continued in the school and training establishment and comes to maturity in ones vocation. It is only when all our talents, skills and powers are fully developed that we can give our best service and become men amongst men.

# *Parents & Citizens' Association*

Students and Parents —

On behalf of our School's Parents and Citizens' Association, I have much pleasure in submitting this brief report covering some of the present activities of the Association for the current year.

As you may be aware, your school's P. & C. Association consists of interested parents and citizens who care for the progress of our school and all it stands for; who are very proud of the achievements of our students and School Staff, ably led by our Headmaster, Mr. Smallman. We look forward to continue to assist, in any way possible, the future progress of the school and students.

During the current year our Annual Fete was held, and again was an outstanding success, both financially and socially. It was inspiring to notice the School's Staff, students and parents working together so well for the progress of our School. The money so raised will help to provide many of the amenities required to assist our students and the Staff.

Amongst our present aims is the provision of tennis courts for use at the school; this work has already commenced. Continual representations are being made to the Education Department for the extension of the School's playing fields, seating accommodation in the playground area, and the provision of much needed classroom lighting.

In conclusion, we wish our students and Staff, every success in the forthcoming yearly examinations, and ask all parents to continue to assist with the progress of your School through your P. & C. Association.

— F. K. D. HOWARD, President.

# Editorial

The School's "Log" is once again presented to you for your perusal. By now your magazine has settled down to a basic pattern — its main aim being a report of your play, study and general achievements. This is not only achieved with words but many photographs painstakingly gathered throughout the year. The composite page of photographs in the centre of the magazine dramatically presents to you the highlights of the school year.

Many times in the past you have been complimented on the pride you have shown in yourself and in the school. This can be done by contributing in some small way to your magazine and to strive to better yourself. The people who have published articles may at the time of publication have qualms about the standard of the work and may even feel shame, but in doing so those people have observed and been able to look at their work from a distance. In their next attempt they will have learned a great deal from trying and therefore will be able to advance beyond the realms of the person who continually observes and never partaketh of a little artistic creation in the form of literary work.

Never be ashamed at having a try at something. Who knows you may become so enthralled in your new found enjoyment and ability that you would never have thought that at one time this was something beyond your ability and too ridiculous for you to be seen doing. Therefore, join in the school's activities with an open mind and remember that you only get out of school what you put into it.

# School Activities

Speech Day, 1964, was held on the 15th December in the Community Hall. The afternoon's programme was conducted by Denise Bartlett who was Madame Chair. Mr. Smallman's Report had been specially printed and was appreciated by the parents as they could take it home and think about the school's advancement at their own leisure.

The choir was again called upon to entertain and this they did with their usual skill. Mr. Mitchell conducting and Mrs. Lankshear on the piano.

The Guest Speaker, Deputy Principal of Newcastle Teachers' College, Mrs. Turner, gave a very stimulating and educated address. At the end of her talk she gave the students some very good advice which can be summed up in her own words, "Let excellence in all things be your goal, whether it is a game of Soccer or Hockey, or the study of history or algebra or the making of scones or a boat. The important thing about doing anything is not how quickly you can do it, but how well you can do it. It is only how well that is remembered in the long run." So let your aims go high. Always I've told my pupils and students that 'they must aim at a star if they want to be sure to hit the top of a tree.'"

Presentations were made by distinguished guests, Mr. Blakemore, Mr. Brownlee, Mr. Gaunt and Mr. James. The Sports Reports were read by pupils for the first time. They were D. Gledhill and L. Probert.

Following is a list of prize winners for 1964:

### "MISS TORONTO HIGH"

This quest produced a fantastic response from the pupils of the school and resulted in £321/13/4 being collected for the Fete effort. The class that collected the largest amount was 1A and, as a result, their entrant, Robyn Myres, was crowned Miss Toronto High. Second was 2A — Carol Smith, and 3rd was 2B — Pauline Parkinson. 1A collected £63/3/1, 2A £45/1/4, and 2B £38/5/11.

1A also capped the Fete effort off by winning the P. & C. Shield for the best overall Fete effort. They are to be congratulated for their fine effort.

## SENIOR PREFECTS' REPORT

Looking on 1965 as Senior Prefects, we realise how our School is growing. We are making our mark on the community through standards set by you and you alone, and also through some excellent sporting achievements.

The way you wear your uniforms and especially the way you act all reflects on your school and yourselves. You have heard this many times before but it is a point well worth thinking about. If you do something wrong then it will be a bad reflection on yourselves and on the rest of the school who are blameless.

On the whole the prefects have not had to take much disciplinary action because you have been relatively well behaved. There are some exceptions to this, of course.

We would like to thank the prefects for the marvellous work they have done, and also thank them for making our work as easy as possible. We would also like to thank Mr. Smallman, Mrs. Green, our Prefect Master Mr. Tumpane and all other members of staff who have given us help and guidance.

Lastly, we would like to wish all those people sitting for the first 4th Form School Certificate and all people leaving school this year the very best of success. We would like you to remember our school motto after you have left school and start working. "Remis Insurgite" — Rise up to your oars.

— D. BARTLETT and R. HOLLIDAY (Senior Prefects).

## LIBRARY REPORT

The School Library has grown considerably this year. We are almost up to a total of 2000 books. Approximately £300 has been spent on books this year and we have acquired some new furniture and several beautiful vases (bought by the P. & C.). Library fines on overdue books have supplied us with several large indoor plants and attractive pots for them.

We have two teams of librarians who help in the lunch hour and also help process new books. Each class has four librarians who look after borrowing during the lesson. I would like to thank all these people for their help and co-operation.

MISS R. MILLER (Librarian).

## CANTEEN REPORT

It gives me great pleasure to once again report a very successful and pleasant year for the Canteen. Due to the increase of pupils in 1965, it was necessary to purchase a cold drink refrigerator for £300 and an extra ice cream refrigerator costing £295.

Purchases for the School by the Canteen are as follows:

Science Equipment, £180.

Girls' P.E., £100.

English Text Books, £400.

Judging by the amount of money spent, it is easily seen that the Canteen is running smoothly, and thanks must go to the 86 ladies who so willingly give one day each month to make this possible.

— MRS. J. PLUMMER (President).

## STAFF CHANGES

DEPARTURES: Mr. Carey (Belmont High School), Miss Kidd (resigned), Mrs. Spencer (resigned), Miss Collier, Mr. Watt, Mr. Turner (resigned), Mrs. Blackshaw (resigned), Mrs. Smith (resigned), Mr. Von Bertouch (resigned), Mrs. Roby (Clerk-Morisset H.S.).

Clerks: Mrs. Kirkby, Mrs. Cocks. Mr. Sykes (Maitland Boys' H.S.), Miss Collier (Armidale Girls' College).

## PLAY DAY AND PLAY NIGHT

A very interesting and successful experiment was tried this year in the presentation of plays at a public Play Day and Play Night. The lack of a hall put the producers and actors at a great disadvantage during the early stages of practice but this was overcome by enthusiasm and skill.

All plays presented at the Community Hall were of a high standard and entertained the two large audiences. The Third Form pupils added another triumph to the long list by performing a play they had written themselves. This was the Wicked Landlord or "Virtue Rewarded."

All those people who took part or had a small amount of work connected with the presentations can be proud of their efforts and know that they have set a high standard for future performances. Below is a list of the plays and the casts. "Blue Murder" could not be presented at the Community Hall but was later acted in the small hall at school during a Lunch Break.

## GIRLS' DEBATING

The members of the 1965 debating club were Annette Hamall, Helen Ivens, Denise Bartlett, Mary Brown, Linda Probert, Joy Sumner, Dianne Kinder and Barbara Beasley. Miss Lance very ably trained the team and helped us prepare for our debates. The team which was chosen to represent Toronto High was: 1st speaker, Dianne Kinder; 2nd, Joy Sumner; 3rd, Barbara Beasley. The 4th member of the team was Helen Ivens.

Our first debate was against Booragul and was held at Toronto. The topic was “That teenagers are given too few responsibilities and too many privileges” and our team was the government. After a very close debate, which was watched by 4th Form, Booragul defeated us by 10 points.

Our second debate was against Cardiff. We were the opposition, debating the topic “That the scientist is becoming the master of man.” Again, after a very close debate, we defeated Cardiff by 20.

— JOY SUMNER, DIANNE KINDER, and BARBARA BEASLEY.

#### DEBATING TEAMS

**BOYS**, Standing (L. to R.): H. Thomas, J. Couston, R. Oosterveen. Sitting: B. Dobranskyj.  
**GIRLS**, Standing (L. to R.): H. Ivens, B. Beasley, J. Sumner. Sitting, Miss Lance, D. Kinder.

### BOYS' DEBATING

During 2nd Term this year Toronto High School was invited to take part in inter-school debating. Other schools to take part were Booragul, Belmont and Gateshead. The representatives for our school were Roelof Oosterveen, 1st speaker; Huw Thomas, 2nd speaker; Bohdan Dobrianskyj, 3rd speaker, and Les Gully, reserve. James Couston was also with us for a time.

We first debated against Booragul and lost by 8 points. We then debated against Belmont and won by 4 points. Finally we debated against Gateshead and lost by 5 points.

Our team enjoyed the inter-school debating immensely and hope to be able to try again next year.

## SNOWY TRIP

Thursday morning there was no struggle to keep eyes open because everyone was too excited about the trip. After travelling and talking all morning we stopped at Moss Vale for lunch secretly giggling about the unfortunates at school. Then we continued to Canberra to do some sight seeing and have tea. We spent the night at a "beaut" motel in Cooma where the "weary" travellers replaced the usual habit of sleeping with talking and drinking the free tea and coffee.

The next morning after thawing our toes and eating a delicious breakfast we went to the Cooma Information Centre where we saw a film on the scheme and met our guide, Allan. He proved the most

popular male on the trip (especially with Mrs. Lankshear). He knew practically everything about the Scheme and, believe us, that is quite a lot.

On reaching Lake Eucumbene our coach took us to the waiting boat for a cruise on the dam. Much to Denise's disappointment nobody was sea-sick so she did not get any extra lunch which we had on board. It was quite a feat balancing the peas on our plates with the boat rolling and a carpet of them soon covered the floor, Neil Puddey

nearly provided Denise with an extra meal when a huge icy wave caught him unawares (foul play is suspected).

After the cruise we met our coach and travelled to Island Bend for the night. Our bus driver George promised us he would stop and let us play in the snow if there were any patches of a suitable size, so after many shrieks of "George! George! Stop! Oh, George, please stop!" whenever we saw a patch, he stopped and let us run wild. We thought we would never see enough, but we did.

Saturday morning when we woke up everything was blanketed in snow. Not even Yvonne Webber and Sue Brown slept in that morning; everyone was rollicking in the snow. The innocent Snowy workers will never forget the bombarding snow balls which were so accurately thrown.

After breakfast (yum yum) in the Mess Hall, we continued on our way. However, this idea fizzled out before long when our bus became stuck and we started to slip. We were forced to wait for a grader to rescue us. Any signs of panic? Not from us — we spent the time laughing at Bruce Heyne's jokes.

Naturally this caused our itinerary to be altered, but at least Barbara Beasley did not mind as she was kept happily waving and talking to the male snow enthusiasts we passed.

After visiting Tumut II Power Station we made our way to Cabramurra for our last night. Chris Smith's teeth still chatter when she thinks about the temperature. Many kids found the twelve inch icicles handy for waking people.

It was here that Joy set an all-time record on the icy roads for falling over. Second place went to Mrs. Lankshear (Joy pulled her down with her).

Highlights of the tour were:

1. Seeing snow, snow, snow . . .
  2. Seeing Joy Sumner do her death defying leaps and slides in the snow.
  3. Making Mrs. Lankshear laugh while drinking her regular four glasses of orange juice. The result usually was a refreshing shower for all in range.
  4. A great sing-song, accompanied by Mr. Ditton on his violin.
  5. Nearly being snowed in with a chance of missing school.
  6. Having Linda Forrester to entertain us.
  7. Being able to see and appreciate the immensity of the Scheme and the pride which every person involved in it has and shows.
- Wow! What a trip!

## TASMANIAN TRIP

We started our trip at 6.30 a.m. Sunday, 29th August, 1965. After meeting the Raymond Terrace crowd and driver, Leo Duggan, we travelled all day to Albury with stops at Mt. White (where we met the Newcastle Girls High bus), Bowral, Goulburn and Gundagai. We slept overnight in Albury at Ryan's Hotel.

Next morning we left Albury at 9 a.m. and stopped at Euroa for lunch. Finally we arrived in Melbourne and made a tour of that city. By the way, the policemen in Melbourne are friendly — they wink and wave to tourists. Then we boarded the P.O.T. at 5.30 p.m. We managed to eat them out of gorgeous steaks. After watching the ship leave and making a thorough exploration of the ship we went to sleep (sort of). The seas were calm and nobody was sick — everybody was most pleased.

We rose at sunrise (ugh!) and left the P.O.T. at 10 a.m. and headed for Hobart. We lunched at Deloraine, where the school captains of Deloraine High came to welcome us, and travelled via the Lake Highway to Hobart. Here, the "rather sophisticated" Hotel Aberfeldy became our home for the next three days.

Our fourth day was spent exploring Port Arthur, the Blowhole, Tasman's Arch and the Devil's Kitchen. The little guide at Port Arthur is a character and managed to keep us highly amused during our inspection. After dinner that night "Wow" as we nicknamed our driver (he had a favourite word which he used 999 times a day and nearly drove us nuts — the word of course was WOW!) took us to Tudor Court and the Cat and Fiddle Square — two very interesting places.

Next morning we headed for Russell Falls, the Salmon Ponds (where they breed trout) and finally Cadbury's Factory — most interesting and appetising place. They didn't have many free samples left after we had been through. That night we went Ice Skating and most of us (including Miss Miller and Mrs. Green) spent most of our time clinging desperately to the guide rail or falling flat on our faces or behinds. Geoff Ely seemed to like sitting on the ice — every time we saw him he was either sitting or on his way down there.

On Friday morning, nursing bruises and sore limbs, we thanked the hotel manager (who, by the way, mistook Miss Miller for one of the kids) and he thanked us for being "good kids" — ahem!! Then off to Launceston — but first we made it to the top of Mount Wellington and had a very windy but hectic snow fight. The view from Mount Wellington is really something worthwhile seeing. After lunching at Campbelltown, we arrived in Launceston, had a look around and walked through a very pretty gorge. We stayed overnight at the very modern Village Motel. At dinner Wow and George (Girls High's driver) presented a birthday cake and a present to one of the Girls' High girls and we all sang "Happy Birthday." After dinner we had several parties in T.V. Rooms and finally went to bed exhausted.

Next morning we left Launceston and inspected Entally House and a zoo at Westbury. We came to a general conclusion that Tasmanian Devils are ugly and awful and also smell (like how). Then we headed for the P.O.T. via Latrobe and Ulverstone. We wandered around Devonport for an hour or so and found it hard to work out who was male and who was female in the local population.

At 6 p.m. we were back on the P.O.T. and on our way to Melbourne again. Bill Morel managed to be sea-sick on a reasonably calm sea — we think he talked himself into it. We are proud to say nobody else was sick, except for Miss Miller who had a splitting headache which she probably got from Kevin Goodbun's singing. At 10 a.m. next morning we left the Princess, passed through Melbourne and followed the Hume Highway to Euroa where we saw the bank which Ned Kelly robbed. Then we left for Albury where we had tea.

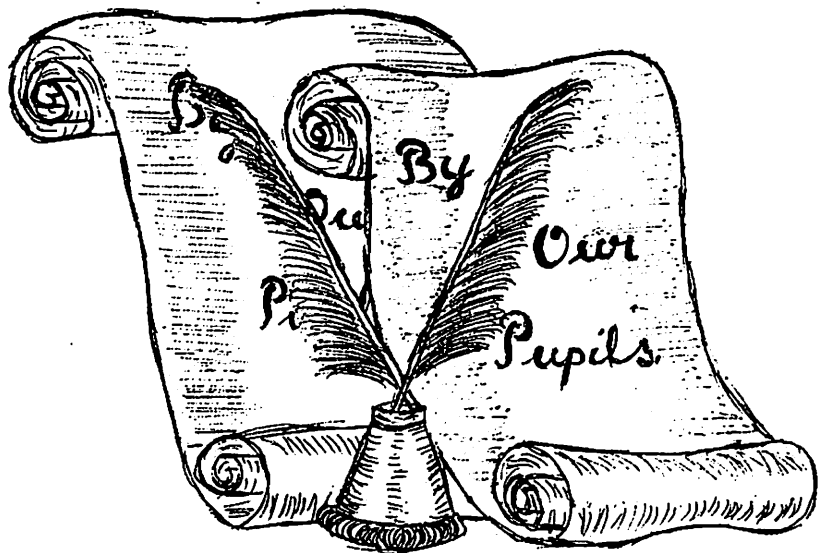

Just outside of Albury we had to say goodbye to Wow; he had to take another school back to Tasmania in "Our Coach." After our lovely coach it was hard travelling all night and half the next day in a bus. There were tears in some peoples' eyes when Wow said goodbye to us — he was a wonderful sport and good "Daddy" to us.

We arrived home sore and sorry on Monday, 6th September.

During the trip we made good friends from Raymond Terrace and Girls' High, discovered Kevin Goodbun could sing and liked girls, and Trevor Freeman was re-named "Bubble Brain" (Thanks to Wow), found that Faye Williams can't stand up on her own feet for five minutes, Geoff Ely can't ice skate, Chris Hilton can talk, Mr. Griffiths (teacher from Raymond Terrace) can't sing but with our expert help and Miss Miller's he got better towards the end of the trip.

In conclusion we must say that we certainly had £40 worth of fun, education and food.

## BELLS

*(Judged the Best Contribution for 1965)*

Bells act as valves in the heart of our society. Most people innocent of their overpowering influence obey their every command. Such is their dictatorial control, that each afternoon before the fifth chime of any town clock has slipped into obscurity, the near deserted streets adopt the appearance of an anthill before a storm.

The bells in my life possess an infinite variety. The most unpleasant bell I know is that of my alarm clock. It appears to take a diabolical delight in stubbornly penetrating my blissful repose. This and the demanding tone of its shrill ring succeed in greatly aggravating me each morning.

The bell which most affects my life is the school bell. Never is any sound more welcome than its monotonous buzz summoning me to lunch. Many times have I uttered with relief, "Saved by the bell" when it has helped me escape from a teacher's wrath because of an innocent misunderstanding. How well I remember, however, its ominous buzz halting my endless queries before an exam.

The bell which I view with most mixed feelings is that of our telephone. Its penetrating ring calls me at such unpredictable moments and for such odd reasons. On numerous occasions I have been summoned to it, minutes after immersing myself in a luxurious bath. Dripping and shivering, I control my gnashing teeth and answer politely only to be informed that the caller has the wrong number. How many times have I rushed to the phone with my hair a mass of lather and soak in one eye or my mouth awash with toothpaste to hear a voice from the receiver say with a giggle, "Guess who?"

Inwardly seething with rage but fearing it might be a practical joking but rich relation, I swallow the toothpaste controlling the inevitable hiccup or wipe my eyes and politely spend the next ten minutes "guessing who." Finally being told that it is the five-year-old boy next door.

There are many other bells which affect my habits each day. Naturally, among these there is one particular bell which I view with unswerving favour — the Dinner Bell!

— JOY SUMNER, 4A.

### SCHOOL, SCHOOL, SCHOOL!

We go to school to work and learn  
But never any money do we earn.  
And when at last school is out,  
All I hear is Mother shout.

Chop me some wood and bring it in,  
Otherwise we'll open a tin.  
I chop the wood, I sweep the floor,  
Till I wish I was at school once more.

— JOHN NORDHEIM and DENIS MORGAN, 2B.

### SCHOOL IN GERMANY

In Germany where it is very cold all the year around, the schools are kept warm by heating. School starts at 7 o'clock and ends at 12 o'clock.

Hot drinks are given out, such as hot cocoa, milk or other beverages. There are no mixed classes, but each sex is in a different room. The girls learn handicraft, cooking, nursery and other feminine arts. The boys learn woodcraft and other such things. Both learn reading, writing and maths. They learn things that we do not study here and also learn the German way of living.

High in the mountains the children there learn mountain climbing, herding and other sports. All children learn folk dancing which is a favourite pastime.

— INGLEOR HAHN, 2B.

### OVERSEAS CORRESPONDENCE

Perhaps some of the most interesting mail received is from overseas penfriends. The latter are generally received from organisations or from magazines. A better knowledge and understanding of the correspondent's country is gained from the letters. Below, three groups

of such letters are listed. These are from France, Germany and Manus Island respectively. They are mostly from students of about 15 years who have been learning English for three years. Most of the letters contain unintentional humour, although some of them have lost their original effect. Most of the humour originates from the correspondent translating the idioms of her own language or translating her own thoughts directly into English. From the extracts we are able to conclude that young people are the same throughout the world — interested in other young people, sport, music, holidays and Beatles.

Group I: I have a good friend. He is a boy, but I don't know if he is a boyfriend. What is a boyfriend?

Today I watch the depart of the 24 Hours of Le Mans, because we have a television set at the television.

Group II: For a week I was off by a cousin from me and his man. They have a little baby and once I may change it.

I like the Beatles very much. They are my darlings. I especially like their hairs.

We have a great Christmas feet. I hope you have a good glide into the New Year and is it healthy?

I hope your snake will never be bare now. Is it in a little stall or creeps it always on the floor?

Excuse me please for not writing sooner, but in writing I was a little lazy. I can imagine that you are now angry with me. Please apologise!

What sort of sports do you make? I ride swim and ramble very much.

I have heard there are large numbers of sheeps and rabbits in Australia and of the special animals which only grows in Australia.

Group III: If your brother wants to be married please let me know him. Please I haven't got any pets just a dog called Wishy, and Beatles I never see anyone, but I think that we have those things in Manus Island too. If you wants, I will catch some and send them to you.

Well I received your find long litter this morning and friend I thank you very much for sendind me a very nice photo, but friend, I cannot see your face at all.

Thank you for your best regards. I hope you are nice girl don't you.

Well friend! I really wants that your aunty, she come to New Guinea and straight to the Island of Manus. Sorry we have no cars here.

Well now I must put the pen on the table and to beg, so god bless you, goodbye, goodmorning and cheerio. So long now, yours faithfully Marthe.

## HEY DIDDLE DIDDLE

The cat with his fiddle,  
Played hey diddle-diddle,  
He wagged his tail to the tune.  
He purred very sweet  
And tapped with his feet  
In the light of the silvery moon.

The cow with the bell  
She ran from the dell  
To make a great leap in the sky  
She jumped o'er the moon  
And was home very soon  
And said "Never again will I fly."

The little dog laughed  
As he rolled on the grass  
When the cow she landed near by  
He jumped to his feet  
And said "What a treat  
To go for a fly in the sky."

The handsome young dish  
With his spoon made a wish  
That they would get married quite soon  
They danced and they sang  
While the church bell they rang  
Which peeled out in their favourite tune.

## THE ESKIMO

Is the name given to the people living along the Arctic Circle — Greenland, Alaska, North America and across the Bering Sea on a small part of the coast of Asia. The name is said to be derived from one of two sources — (a) From the Abnaki Algonquian name "Esquimantsic," meaning "the eaters of raw flesh," or (b) A French missionary term meaning the excommunication ones. The Eskimo call themselves the "Innuit." They are of short stature, muscular build and light brown complexion, with broad flattish faces.

In the history of the world, the Eskimo have an important place. They were the first people to find a way to live in an extremely cold climate without firewood and therefore, to live in a previously uninhabited part of the world. They are a bright, economical and inventive people, who use the few natural resources available to them to their greatest advantage. Their major tools for survival are the blubber lamp, their clothing, fishing equipment, and the famous snow dome (or igloo), all of them invented several hundred years ago. The blubber lamp, carved out of soap stone or made of pottery, burns the blubber of the whale either for fuel or light. They fashion their tools mostly with flint.

The fur suit is made by the women. The suit is made with a ulu, a knife much like that used by leather workers everywhere. The suit contains 12 pieces, some are a parka with a hood, a pair of trousers, mittens, and boots. The boots have fur inside as well as outside.

To make a springlike apparatus used to kill wolves, the Eskimo shapes a strip of whalebone into a flat, double edged skewer. He rolls it tightly into a ball, freezes it into the centre of a ball of fat and throws it in the path of marauding wolves. The wolf eats it and when the fat melts, the whalebone springs open, killing the wolf.

In the winter the people, about 25, live together. Their life is based on food gathering while ours is based on MONEY GATHERING!

— DIANNE WOOD, 1A.

Life! A bowl of cherries? Perhaps, but I prefer to compare it with a pack of cards. Dirty torn cards, shiny new cards. Life is so similar.

The Diamond is born; he is new, sparkling, untarnished, starting afresh in the toil and filth of what a contented person calls his life. He knows nothing of the flipping, the shuffling and the share of bad hands that are dealt to him.

"Life" continues and a Queen of Hearts enters. Hearts — romance, fun, the humdrum of life dissolves in the pretty face of his winning queen. For a while the dealer treats him well. He marries his queen and becomes King for a day.

Then his bliss is shattered! Clubs beating at him constantly. His work was bad, bills, no money, more babies, no house, wife sick. Clubs beating, beating, beating, no rest.

It's all ended; he's dead. Dead by his own hand. The spades work quickly shoveling the peace and solitude over his wooden paradise. The dealer has dealt his last hand to him, the pack has been laid down. The cards are old and useless. New ones will be bought and used exactly the same until they disintegrate with constant trying use.

A bowl of cherries! No, cards!

### OUR CLASS

Our class belongs to the devil's arms  
Creeping, crawling, with all our charms.  
Mischief is our work of art;  
It takes brains to be "smart."

Tricking teachers  
Writing notes,  
Making aeroplanes and paper boats.  
Squirting water,  
Throwing paint.  
Our mothers think we are little saints!  
Scrawling scribble on the board,  
Pinching chalk that we can hoard.  
Sticking pins in pupils' rear.  
Making text books disappear.

Breaking rulers,  
Scratching desks.  
The teachers say we're the biggest pests.  
Our class may be the worst behaved,  
But think of the brains that we can save!

## LE VOYAGE

A la gare, je vais au guichet. Je prends ma place dans la queue et commence a lire le journal.

Enfin c'est mon tour mais je ne sais pas, car je suis trop occupe a lire.

— Ou allez-vous, monsieur? demande l'employe.

Je ne l'entends pas; je suis trop occupe a lire

— ou allez-vous, monsieur? demande -t-il plus haute

Je ne l'entends pas; je suis trop occupe a lire

— Ou allez-vous, monsieur!! Paris, aller et retour.

Cinq minutes plus tard je monte dans le train et commence a lire le journal.

Pendant le voyage un controleur vient a mon compartiment; c'est l'homme qui vendait les billets a la gare.

— Le billet s'il vous plait, dit-il.

Je ne l'entends pas; je suis trop occupe a lire.

— Le billet s'il vous plait, dit-il plus haute.

Je leve les yeux.

— Quel billet?

Il pleure et saute par la fenetre.

Dix minutes plus tard le train s'arrete. Je me leve et marche a la portiere. Quand j'arrive a la portiere, le train est deja en marche.

Je ne sais pas, je suis trop occupe a lire.

Je tombe sous le train. Je ne sais pas; je suis trop occupe a lire.

## AM I TOO YOUNG ?

Am I too young to understand?  
Am I too young to take a hand?  
They say I am but is it true?  
There's other things I'm old enough to do.  
If I'm too young how come I know  
Why brother Jack and cousin John swoon so  
When talking 'bout "that classy bird."  
But, children should be seen and not heard.  
If I'm too young to understand  
How come the leader of the band  
Asked me to go with him,  
And I was old enough to understand.

— JILL HUBY, 3A.

## HAIR CUTS

Once more I guess I have to have a hair cut. Now that I am a teenager I think I'll study the latest styles to see which one suits me best.

"No not a Cilla Black, maybe a Julie Rogers style. Yes, I'll think about that. 'Spouse I'd better ask Mum and Dad first though. Just my luck!"

"You get it cut short with a part on the side. No widge styles or latest fashions."

So off I go down to the hairdresser and come back home with the same old hair cut.

Doesn't it upset you?

— JULIE GRAHAM, 2D.

## HOMework!!!

The cheery fire burns bright,  
And easy in the room,  
But I am struggling with my Maths,  
And sunk in deepest gloom.

The evening's study is now done,  
And ache my hands and head,  
The glowing fire just calls in vain  
For all I want — is bed.

### MRS. NATURE

Mrs. Nature is a very fascinating lady. She performs many amazing feats. She looks after the world we live in and the surroundings about us. The plants, the weather, trees that make our houses, schools, rubber and mountains.

We appreciate Mrs. Nature because she is so kind and thoughtful to the humans that live about her.

— LEE OVENSTONE, 1D.

### LITTLE MR. GREENANT

Little Mrs. Greenant packed her husband's lunch,  
She put it in a handkerchief and tied it in a bunch,  
"Now come along, my dear," she said, "And hurry, you'll be late.  
So taking up his little pack, he trotted through the gate.

He ploughed across the garden path, and through the flower beds,  
The flowers bid good morning as they dipped their dainty heads.  
The trees spread wide the branches, and shook their dewy leaves,  
And the little ant ran quickly on against the cooling breeze.

Up, then down the garden wall, and through the rockery,  
Until at last, he reached the hive of Bernard Bumble Bee.  
"Come in, come in, tis warm inside," said Mrs. Bumble Bee.  
"Just sit down by the fire and I'll make a pot of tea."

After a pot of good hot tea, our small friend leaves the house,  
And runs across the field where he knows a friendly mouse,  
An hour goes, and none too soon, he reaches Uncle Joe's,  
His feet are sore and he is tired and old Aunt Agnes knows.

"Oh, my! You must be tired my dear. Come in and have some lunch,"  
He spied her good hot cake crumbs, so he hid his little bunch,  
Aunt Agnes said, "T'would be warmer, to sleep HERE for the night.  
And rise early in the morning to return home in the light.

## ATHLETICS CARNIVAL

The 4th Annual School Carnival was held at Toronto No. 1 Oval on 30th April, 1965. The carnival was brought forward from late in second term to first term to obtain a warmer day and give greater time to the preparation of teams for Zone A and Area carnivals. This move was highly successful with greater participation than the previous year and a better Athletics team selected for Newcastle. Including new events to the carnival, in all 28 boys and 25 girls' records were set at the Carnival. These records indicate that a high standard is being set as the school develops to its full capacity.

The Carnival was won by Argo House with 921 points, Sirius was second with 888, Endeavour 3rd with 830 and Victory in 4th place with 668 points.

## BASKETBALL REPORT

An Inter-House Basketball Competition has replaced the discontinued Inter-School Competition during 1965, consequently maintaining Toronto High School's high standards in this sport.

Such players as Kevin Goodbun, Donald Olrick, John Creagh, Allan Plummer, Ian Vitnell, Tom Palagyi and George Mueller, members of the School's leading under 15 team, now play for Westlakes Y.M.C.A. in the Newcastle competition with notable success.

Kevin Goodbun, John Creagh, Allan Plummer and Tom Palagyi represented Newcastle in the State Under 16 Years Championships and this team is likely to be their competition title winners in 1965.

LOST: 3. Points against: 63.

#### BEST AND FAIREST PLAYERS:

In all games: A. Jenkinson.

On short term basis: K. Barry (played only 6 games).

#### COACH'S COMMENTS:

The team had a successful season, finishing second. Raymond Terrace was clearly the best team, winning all its games by wide margins. Only against Raymond Terrace did Toronto look inept as a team.

#### SEVEN STONE SEVEN LEAGUE TEAM

BACK ROW (L. to R.): K. Bayly, P. Etherington, D. Holmes, J. Fenton.

MIDDLE ROW: J. Hardwick, D. Walton, E. Smith, Mr. Naylor, J. Smith, S. Roby, L. Burrage.

FRONT ROW: D. Arthur, G. Barry, D. Ryan (capt.), C. Jenkinson, J. Ford.

A considerable amount of team building took place during the first round of matches. During the second round, the team functioned well and defeated the other teams clearly, avenging an earlier defeat by Jesmond to the tune of 16-0.

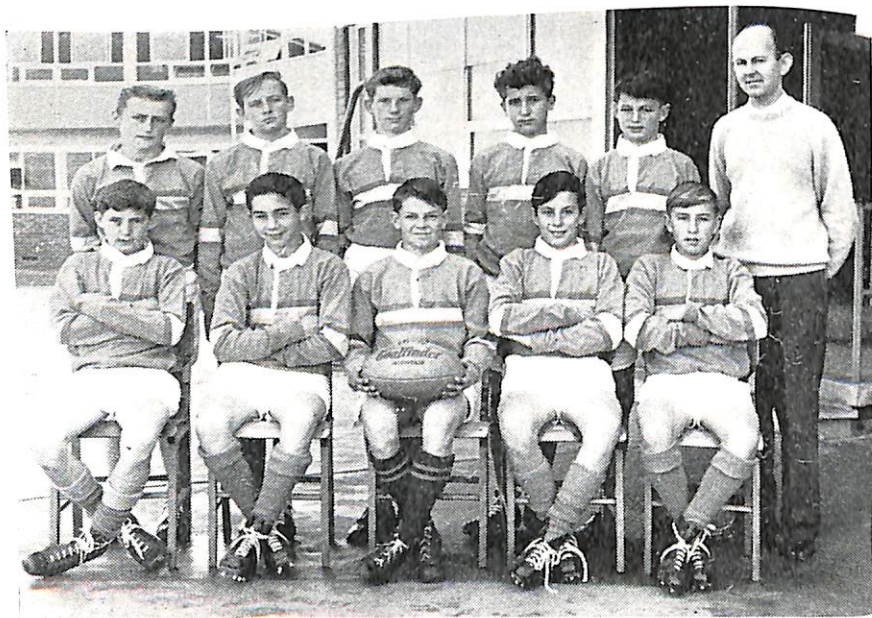

### 7.7 LEAGUE TEAM — Mr. Naylor, Teacher

PLAYERS: D. Ryan, J. Smith, J. Hardwick, J. Ford, D. Arthur, D. Holmes, G. Sharpe, E. Smith, K. Bayly, H. Lewis, G. Barry, D. Walton, C. Jenkinson, J. Fenton, L. Burrage, S. Roby, P. Etherington.

RESULTS OF ALL MATCHES PLAYED: 7 lost, 4 wins, 1 draw.

BEST AND FAIREST PLAYER: J. Smith.

COACH'S COMMENTS: Team showed good spirit, tried hard when down. Had to play much better teams. Lacked polish but showed plenty of enthusiasm. Played as individuals rather than with teamwork. Could be nucleus of team, with training. At a weight disadvantage in most matches. The season showed a fair result, since no training runs were given by coach.

SIX STONE SEVEN LEAGUE TEAM

BACK ROW (L. to R.): D. Anderson, P. Ryan, K. McInerney, G. Simmonds, I. Mattila, Mr. Teale.

FRONT ROW: G. Daley, B. Peterson, W. Brown (capt.), D. Morgan, B. Mueller.

## 6.7 LEAGUE TEAM — Mr. Teale, Teacher

PLAYERS: W. Brown (capt.), D. Anderson (v-c), G. Simmonds, P. McDonald, P. Ryan, C. Morrow, I. Matilla, R. Mueller, R. Longfellow, J. Hahn, K. McInerney, D. Hines; reserves, B. Peterson, J. Beveridge, K. Gritten.

### RESULTS OF ALL MATCHES PLAYED:

	Round I	Round II
Toronto v Cardiff	Won 9-0	Lost 5-3
Toronto v West Wallsend	Won 6-0	Lost 6-2
Toronto v Booragul	Drew 3-3	Won 5-3
Toronto v Wallsend	Won 8-0	Won 5-3
Toronto v Raymond Terrace	Won 18-0	Won 5-0
Toronto v Jesmond I	Lost 6-0	Won on Forfeit
Toronto v Jesmond II	Won 32-0	Won on Forfeit

No. Won: 10. No. Lost: 3. No. Drew: 1.

BEST TEAM PLAYERS: W. Brown, P. Ryan.

COACH'S COMMENTS: This team should develop into a good solid combination. Talent is in abundance and as long as the boys keep up the idea that they are playing for a team they will continue to win. Brown is a speedy player and a capable leader; Anderson, with a great deal of experience behind him, plays a very solid game; Simmonds has developed into a rugged forward and should become a future star. McDonald, a small player who did well as hooker; Ryan, a player who is flat out all the time and one of the best team men; Morrow, a little inconsistent but when on form is unbeatable as marker; Matilla plays well; Mueller, a fast backlineman, perhaps a little independent as yet; Longfellow should develop into a good backline player; Morgan, fast but needs experience; McInerney, another fast team man who will develop with more experience; Hahn, with experience will become a safe player; Hines, a fairly safe fullback. The reserves Peterson, Beveridge and Gritten have played many good games and without them the team would not have functioned as well as it did.

## 15 YEARS SOCCER TEAM — Mr. Anderson, Teacher

PLAYERS: J. Fairfull (capt.), C. McFadyn (v-c), M. Wilson, A. Hunter, D. Scott, G. Field, G. R. A. Field, J. Deighton, G. Byfield, M. Paine, R. Oosterveen, C. Pomeroy.

### RESULTS OF ALL MATCHES PLAYED::

1. Toronto v Cardiff — Loss.
2. Bye.
3. Toronto v Wallsend — Loss.
4. Toronto v Jesmond — Draw.
5. Toronto v Booragul — Loss.

6. Toronto v Cardiff — Loss.
7. Bye.
8. Toronto v Wallsend — Loss.
9. Toronto v Jesmond — Draw, 1-1.

**BEST AND FAIREST PLAYERS:** All played to the best of their ability.

**COACH'S COMMENTS:** Although not successful, as far as points in the competition, all players learned something of sportsmanship and friendship by competing as a team.

#### 15 YEARS SOCCER

**BACK ROW:** (L. to R.): Mr. Anderson, G. Field, D. Scott, M. Wilson, Mr. Bulluss.  
**FRONT ROW:** G. Deighton, C. McFayden, J. Fairfull, Byfield, G. Field.

#### 14 YEARS SOCCER TEAM — Mr. Mitchell, Teacher

**PLAYERS:** C. Collins, M. Hiles, N. Fishburn, K. Webber, K. Legge, R. Murrell, J. Hill, K. Harris, S. Kidd, R. Gallimore, L. Horn, J. Evans.

RESULTS OF ALL MATCHES PLAYED:

	Round 1	Round 2
Toronto v Cardiff	Lost 2-1	Lost 3-0
Toronto v Raymond Terrace	Won 8-0	Won 2-0
Toronto v West Wallsend	Lost 4-0	Lost 10-0
Toronto v Booragul	Lost 4-1	
Toronto v Jesmond	Lost 2-0	
Toronto v Wallsend (2)	Won 3-1	

BEST AND FAIREST PLAYERS: N. Fishburn, K. Webber, M. Hiles.

COACH'S COMMENTS: The team this season was handicapped by a lack of capable players, willing to make the trips necessary in this competition. The frequent team change as a result made practice as a team impossible — the net result was a poor match record. It is hoped that the position will improve next season.

14 YEARS SOCCER

### 13 YEARS SOCCER TEAM — Mr. Taylor, Teacher

PLAYERS: S. Smith, W. Leary, I. Forster, G. Smith, G. Trappel, L. McCulloch, W. Johnson, R. White, P. Dennet, G. Southcombe, S. Bartlett, P. Teague, N. Remington, P. Tanner, A. Tanner.

#### RESULTS OF ALL MATCHES PLAYED:

WINS: Raymond Terrace (2), West Wallsend (2), Wallsend No. 2 (2), Cardiff (1).

FORFEIT: From Jesmond (1).

DRAWN: Cardiff (1), Booragul (1), Wallsend No. 1 (1).

LOST: Booragul (1), Wallsend No. 1 (1), Jesmond (1).

BEST AND FAIREST PLAYER: S. Smith.

#### 13 YEARS SOCCER

BACK ROW (L. to R.): G. Osborne, P. Teague, G. Trappel, Mr. Taylor, P. Dennett, W. Leary, G. Southcombe, N. Remington.

FRONT ROW: I. Forster, W. Johnson, G. Smith, S. Smith (capt.), L. McCulloch, M. Macchia, R. White.

COACH'S COMMENTS: After a very shaky start and three early defeats the team settled down to become one of the strongest forces in the competition. Inspired by their captain, Steven Smith, whose runaway goals won praise and matches from opponents, the team finished the second round undefeated. The boys played the game true to Toronto High School spirit, and apparent mistakes by the referee were accepted without question.

Gary Trappel was solid in defence, and the team was very fortunate to have the best half back line in the competition, in Wayne Leary, Warren Johnson and Ron White. Of the forwards Steven Smith and Ian Forster stood out.

The 1966 season will see a great development among these young sportsmen.

## 1st FORM HOUSE SOCCER

In a series of 26 keenly-fought matches, the First Form House teams battled for Soccer premiership. Victory were the winners, with Endeavour and Victory tying only two points behind. Although playing well towards the end, Argo never made up for early losses, and finished four points behind the winners.

Outstanding as players and sportsmen were Barry Barker, Richard Petrie and Barry Wyborn. John Ivens was noteworthy as a goalie and captain.

## SPORT GOLF

For the first time, golf became available as school sport for Form II, III and IV boys this year. Twenty-six boys played at Kilaben Bay Golf Club during the summer period, and 8 during the winter.

The Kilaben Bay Golf Club presented trophies for a handicap competition run over the first term. The junior-members' competition was won by Kerrie Freer, with John Greenhalgh only three strokes behind him and Andrew Neal third, although John Greenhalgh had the best score "off the stick." The non-members' competition was won by John Hill, with Graham Mason runner-up and Glen Bartholomew third.

Among the junior members, John Greenhalgh had the best nine-hole score of 35, a very good round. The best nine-hole score by non-members was Glen Bartholomew's 43.

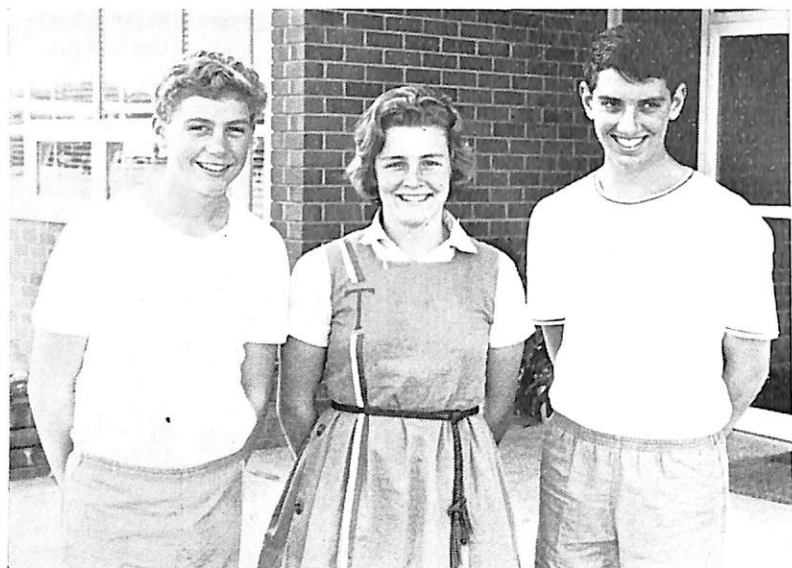

INDIVIDUAL SWIMMING CHAMPIONS

L. to R.: M. Lloyd, D. Kinder, A. Hamall, P. Treloar, N. Puddey, S. Roby, K. Goodbun.

No competition was organised during the winter months, but the eight players enjoyed trying to improve their individual scores.

The players appreciate the opportunity to play golf and wish to express their thanks to the Committee of the Kilaben Bay Golf Club for making the links available and also for the trophies presented to the winners.

NEWCASTLE AREA REPRESENTATIVES TO SYDNEY

### STAFF v. SCHOOL BASKETBALL MATCH

This year the younger and more nimble students managed to get in front in the second half and, probably due to their overall better condition (as they had been in training for four months), were able to snatch victory. The scores are as follows:

## CRICKET COMMENTARY

With the recommencement of Summer Sport in Third Term, the Cricket Competition among the House teams is at an interesting stage.

Two series of the three first round matches were played in First Term, results being:

Argo v. Sirius — Argo won on 1st innings.

Victory v. Endeavour — Endeavour won on 1st innings.

Argo v. Endeavour — Endeavour won on 1st innings.

Victory v. Sirius — Sirius won on 1st innings.

Points gained to date are as follows: Argo 10, Endeavour 14, Sirius 10, Victory 6.

Some notable performances with the bat were: S. Chapman (Endeavour) 91 runs, v. Argo; R. Hackett (Sirius) 126 runs, v. Victory; G. Ward (Victory) 36 runs, v. Endeavour; D. Brown 55, A. Asquith 67, K. Berry 37 (all Endeavour), v. Victory. With the ball: G. Schymkiw 6 wkts. for 20 runs, A. Asquith (Endeavour) 5 for 12, v. Argo; G. Ely (Sirius) 6 for 20, v. Victory; K. Harris (Endeavour) 4 for 9, v. Victory.

The spirit of competition is very keen, and interest has been heightened by the appearance of several First Formers for the first time, in the practice game, just completed, preceding actual competition beginning again. Several of these lads show promise and should, after a few games, show further improvement after benefiting from the leadership and demonstrations of their capable captains and older and more experienced team-mates and opponents.

Hereunder are listed the members of each House's team who will "do battle" to the end of the year for the honour of becoming the premier Cricket House for 1965:

**ARGO HOUSE:** W. Jenkinson (capt.), A. Jenkinson, R. Oosterveen, F. Lakin, M. McCauley, E. Milton, P. Plant, G. Barry, A. Menzies, D. Olrick, A. Nurtsis, M. Paine. Coach: Mr. L. Teale.

**ENDEAVOUR HOUSE:** K. Barry (capt.), D. Brown, S. Chapman, D. Anderson, K. Conway, G. Byfield, R. Bagnall, J. Couston, G. Clarke, P. Matters, P. Holliday, J. Oliver. Coach: Mr. J. Bulluss.

SIRIUS HOUSE: R. Hackett (capt.), G. Ely, K. Goodbun, L. Horn, W. Leary, D. Gledhill, J. Fairfull, R. Ingle, S. Richardson, R. Lakin, J. Ivens, D. Hines. Coach: Mr. M. Osland.

VICTORY HOUSE: G. Ward (capt.), R. Stevenson, R. Schymkiew, W. Reynolds, R. Murrell, B. Wyborn, P. Ryan, I. Vitnell, H. Thomas, R. Trappel, D. Scott, J. Winters. Coach: Mr. A. Taylor.

Despite the esteemed opinions formed, and the prophetic remarks passed by the coaches of the various teams, it is felt that each has allowed himself to become somewhat biased by his affiliation with his own team. Impartial observation and careful consideration point to Sirius finishing on top at the end of the Competition.

— M.L. OSLAND, Convenor.

#### AREA SWIMMING REPRESENTATIVES

BACK ROW (L. to R.): J. Nordheim, G. Jamieson, S. Kidd, R. Stevens, J. Fairfull, D. Gledhill, P. Treloar, G. Petherbridge, G. Mueller, N. Puddey, R. Daly.  
 THIRD ROW: D. Couston, K. Gill, M. Lloyd, D. Kinder, L. Williams, A. Hamall, B. Fairfull, B. Beasley, L. Probert, K. Goodbun.

### REPRESENTATIVE SWIMMING — 1965 (Boys)

The swimming team entered in two carnivals during First Term — (I) Zone A Swimming Carnival, (II) Newcastle Area Swimming Carnival.

The efforts made at the Zone Carnival by our boys (and girls) was enthusiastically applauded by the school assembly on the following Monday morning, for Toronto won the 13 and 16 years boys' point score, came second to Raymond Terrace in the combined boys' point

score and again second to Booragul in the aggregate (boys and girls') total.

Toronto gained a place in almost every event entered. Winners of Division A events were as follows:

R. WHITE, 12 Years 55 Yds. Freestyle.

J. FORD, 13 Years 55 Yds. Freestyle, 55 Yds. Butterfly.

G. JAMIESON, 13 Years 55 Yds. Breaststroke.

P. TRELOAR, 16 Years 110 Yds. Breaststroke, 110 Yds. Backstroke.

N. PUDDEY, 14 Years 110 Yds. Freestyle, 220 Yds. Freestyle.

K. GOODBUN, 15 Years 55 Yds. Butterfly.

15 YEARS RELAY TEAM (R. Daly, K. Goodbun, G. Petherbridge, G. Mueller).

Against greater competition at the Newcastle Area Swimming Carnival, our boys performed well and with some individual success.

N. Puddey, P. Treloar, R. White, J. Ivens gained places in their respective events. Puddey and Treloar had the added honour of being selected to represent Newcastle Area in Sydney.

— A. TAYLOR

## WINTER SPORT — Thursday Afternoons

Transport difficulties prevented girls' teams from competing in the Zone Competitions for winter sport, but it was possible to arrange Inter-School matches with West Wallsend High School.

Competition took place in Basketball, Hockey, Softball and Tennis and, as the schools were closely matched, the competitions were keen ones. Results see-sawed equally throughout the visits (two at Toronto and one at West Wallsend) but our greatest triumph was the final one when Toronto practically scooped the pool, and the A Grade Hockey team improved from a 1-all draw to a 6-1 victory.

Yvonne Longfellow, of Fourth Form, gained selection in the Newcastle Area Schoolgirls' Hockey Squad, and travelled with them to Sydney. We are proud of her success.

"A" GRADE HOCKEY

R. to L.: Y. Longfellow (capt.), L. Forrester, B. Styles, E. Morehouse, G. Phillips, K. Hill, J. Drinkwater, J. Huby, L. Marshall, M. Keith. Absent, J. Brown.

## ATHLETICS

A Girls' Athletics Team participated successfully in the Zone and Newcastle Area Carnivals. Special mention is due to our juvenile girls, Ann Parkinson, who won her 12 years High Jump, and was placed in the 12 years Long Jump; and Judy Creagh who ran second in the 13 Years 100 Yards at the Area Carnival. The sportsmanship of the girls is most commendable.

## SUMMER SPORT

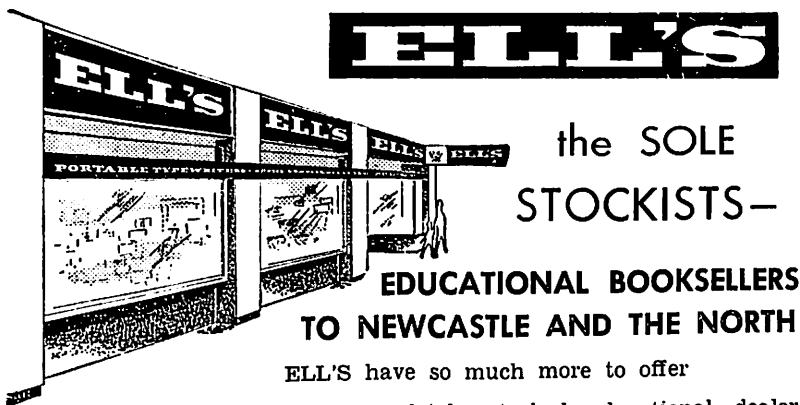

Summer sport consists of Softball, Tennis, or Life-saving, and the latter has a particularly large and active following, ranging from the Elementary Groups through to those training for Instructors' Awards.

## SWIMMING CARNIVALS

After Zone and Area Swimming Carnivals, two Fourth Form girls—Linda Probert and Dianne Kinder, gained selection in the Newcastle Area team to swim against state-wide competition.

The most important thing about school sport competition, summer and winter, is that the girls are learning quickly the correct attitude to competition. This is a play to win attitude, but not an attitude that sees winning as the only result. They are learning to lose gracefully which is far more difficult than the alternative. They are learning, too, that they are part of their school, and what they do is not for any individual glory, but for the school. They are learning that entering, in spite of the fact of being outclassed, is recognised as the greater achievement for this fact. They are learning sportsmanship.

# Class Reports

## FORM 4A

1964 presented 16 pupils to Toronto High to begin the year as Class 4A. One addition — Gillian Vickery, direct from London — has been made and Terry Smith made her sad departure from school life some weeks ago.

4A's 3-year chain of luck has been broken by the 40-strong class 1A, who won the fete competition, but our efforts were strong and even being such a small class we managed to raise over £18 on our "Pomme Pie" stall, which proved a great success.

Annette Hamall gained 1st place in the half yearly examination with Ray Holliday a close 2nd.

The representative inter-school debaters are all from 4A — Joy Sumner, Dianne Kinder, and Barbara Beasley and the majority of the class are prefects.

All 4A are sitting for the School Certificate and would like to show our grateful appreciation to all the teachers, especially Mrs. Smallman, our class patron, for the co-operation and aid we have received in our studies.

— ROBERT MERKENHOF and MARY BROWN

## FORM 4B

The thought uppermost in the minds of Form 4B is that we are approaching the parting of the ways. To many of our number, this is the final year of school, and thus to us it has been a year of highlights.

We remember the swimming carnival in February with Phillip Treloar, Warren Stanborough, Margaret Reynolds and Kay Libbesson. We recall the school fete and its star attractions of the 2KO performance, the Olsen-Carter-Coughlan Beauty Salon, the Greenhalgh golf-course, radiant Royar's royal route down the catwalk with able businessman Phillip Morley and his efficient company coaxing money from willing and unwilling alike.

The athletic carnival was an opportunity for Yvonne Longfellow, Margaret and Kay again, John Greenhalgh, Tom Palagyi and David Gledhill to show their prowess, while the half yearly examinations proved we were not without worthy representatives of the academic skills.

Sally Wood and Janice Barnett have represented us in social service with their library work, and our worthy senior prefect, Denise Bartlett has done much to provide inspiration for the whole school.

We regret the departure of Gillian Dial, Chris Carter and Anna

Quaedackers during the year, but wish them well in their chosen careers.

It is always gratifying to have a class patron to whom we can go for advice and guidance, but Form 4B was particularly fortunate in being allotted Mrs. O'Shea. She has assisted us tremendously in every possible respect, and gains our heartfelt thanks.

May we wish all Fourth Formers the best of good fortune, and hope that the "guinea pigs" of the school certificate start a noble tradition for others to follow.

— ELIZABETH MOREHOUSE

## FORM 4C

4C is a very small class this year consisting of 21 students, 11 girls and 10 boys. Five of our students have left this year seeking jobs. They are Kerry Freer, Margaret Nicholls, Elizabeth Gallimore, James Faulkner and Graham Mason.

Class Captains are Suzanne Brown and Kevin Barry. Vice-Captain, Elizabeth Wells.

Miss Lance, who is our Class Patron, is also our English teacher and, with her help, we were able to raise a considerable amount of money at this year's Fete. One candidate for Miss Toronto High raised a large sum but unfortunately did not get a place.

There are four class librarians — they are Yvonne Webber, Suzanne Brown, Inara Mazais and Reolof Oosterveen. Susan Merrett is a member of the school librarians who assist Miss Miller in the care of the library books.

We have one prefect in our class — Kevin Barry. Roelof Oosterveen has proved to be a talented debater and is the first speaker in the school debating team.

4C girls have recently visited the Bradford Cotton Mills with two teachers. This trip proved to be very useful in the sewing course.

Two members of our class travelled to the Snowy Mountains by Pioneer Tour to visit the Snowy Mountains Scheme.

We have some outstanding athletes, most of them holding records in the Athletic Carnival — Kevin Barry, Paul O'Neill and Robert Monk. There are many also who play in competitive sport against other schools.

Kevin Barry is Captain of Endeavour House.

In conclusion, we would like to wish the pupils of Toronto High School every success in their final exams. We hope that our first Fourth Year under the Wyndham Scheme can honour the school with as many passes as possible in the School Certificate.

### FORM 3A

Class 3A has 34 pupils and our class patron is Mr. Imrie.

Class Captains are George Mueller and Christine Smith while the Vice-Captains are Gail Libbesson and Les Gully.

In the half yearly examination Bohdan Dobrianskyj came first, Rowley James second and Ian Mattila third.

Our class has done well at sport, being strongest in athletics with ten representatives. We also have seven girls' hockey representatives, one grade league player, one Area and Zone "A" representative, and three golfers. Besides these, we have five members of the school choir and three librarians — Sue Ashton, Jean Brown and Ian Vitnell.

Bohdan Dobrianskyj, Les Gully, Huw Thomas and James Couston, all from 3A, are four of the five members of the boys' debating team and have done extremely well.

Our activities at the school Fete were: A ghost house, which was very successful; a sponge throw and a horror museum.

There has been only one pupil departure from 3A during this year, but no newcomers.

### FORM 3B

Class 3B has 37 pupils of which 22 are girls and 15 boys. The class captains are Sue Muckle and Geoff Ely. Vice-captains are Amanda Spencer and Les Horn. 3B's class teacher is Mrs. Green, who has worked very hard throughout the year, especially at Fete time to help us as much as possible.

The school's annual Fete was held again this year and our class efforts did exceptionally well. The boys took care of the trampoline while the girls worked on the Hawaiian stall.

The class, accompanied by 3A, attended an excursion at Bar Beach under the supervision of Mr. Ditton, our science teacher.

Placings in the yearly exam, 1964, were: 1st, Phillip Latham; 2nd, Sue Muckle; 3rd, Lynne O'Neill.

At the Fete the Miss Toronto High quest was held again and our entrant was Sue Muckle who tried very hard in the raising of money for the school. Sue did very well but unfortunately failed to gain a place.

In conclusion we would like, on behalf of the class, to thank Mrs. Green, who has been most helpful and understanding throughout the year.

— SUZANNE MUCKLE and GEOFFREY ELY

## FORM 3C

We have recently finished our half yearly examinations which proved to be successful for Fred Lakin who topped the class and Hanny Veldon who gained 2nd place. Both are outstanding pupils. Our class patron is Mr. Teale, who is our Social Studies and Commerce teacher.

We have gained three pupils from 3B — they are Jane Lilley, Carol Johnson and Ross Daly, while Doug Anderson has been promoted to 3C from 3D. We have an attendance of 30 pupils, 15 girls and 15 boys. The class captains are Christine Hayes and Fred Lakin, Janet Noon being vice-captain. David Newell, our former class captain, has left us recently seeking employment. We wish him success in the future.

Glennis Phillips has proven to be sport conscious at hockey and Lynne Masters at basketball. Janet Noon obtained 1st place in broad jump at our recent sports carnival while a few boys have proven themselves in various other sports. They are John Fairfull, Ross Daley and Fred Lakin. Other boys have a keen interest in Rugby, Soccer, etc.

I am sure that if 3C continues along the same trends during the next half year, good results should be seen in the forthcoming examinations.

— CHRISTINE HAYES and FRED LAKIN

## FORM 3D

3D consists of 29 pupils — 11 girls and 18 boys.

Our class patron is Mr. McCalden who is also our Maths teacher.

Recently the half yearly examination took place with Pauline Taylor coming first and Laraine Moulten second. Congratulations to both girls. Also congratulations go to Carol French for being 1st in English with 3C. Keep up the good work, Carol. The captain of the boys is David Ryan with Craig Morrow as vice-captain. The girl captain is Janice Stivano with Karen Helmers as the vice-captain.

The quietest girl in the class is Maree Watkins who hardly says more than 10 words a day.

In the beginning of the year we had 33 pupils. Doug Anderson was promoted to 3C and Tim March has left and gone to another school.

Ken Puller and Glenn Bartholomew have left to take up jobs, while the rest of us have settled down to study for the Intermediate.

In April this year the school Fete was held and was a big success.

Kathy Blank was 3D's candidate for the "Miss Toronto High Quest."

We have five soccer players in our class and the team is coming fourth in the 7st. 7's.

Karen Helmers was a member of the swimming team which represented the school at the Zone Carnival which was held at New Lambton pool.

— JANICE STIVANO and DAVID RYAN

## 2A

Class captains are Leneve Hellyer and Ian Frith. Vice-captains are Margaret Keith and Stephen Goodbun. A big thank you must go to Mrs. Bradley who holds the honoured place of Class Patron. There are 39 pupils in our class.

Our efforts for the Fete were very successful and we gained 2nd place in the class competition. Carol Smith, our entrant in the Miss Toronto High Quest, was also placed 2nd.

Margaret Lloyd was the under 12-13 years Swimming Champion at the School Carnival. Helen MacDonald also did well. Pupils who have represented the school in grade sport are: "Brown" Veale, C. Walters, M. Keith, L. Hellyer, H. MacDonald, B. Reynolds, R. Jensen, S. Huthnance, I. Frith, R. Gallimore, G. Field, S. Goodbun, W. Page, K. Harris, L. McGuinness, S. Ramsey.

Chief talkers in the class are practically the entire class.

In the half yearly exams Leneve Hellyer acquired 1st place. Bill Reynolds was 2nd and M. Lloyd 3rd. If anyone has ever heard great shouts of laughter coming from the history room it will be the 2A-B History Class in fits over one of Mr. Williamson's hilarious jokes.

Lucky Peter Woods comes into our class for Maths. Stephen Goodbun and Chris Ware are well known for their Y.M.C.A. activities. As 2A's semi-annual practical joke, 15 dusters from most parts of the school were stacked in Room 11, but Mr. Farmer turned detective and most of them were recovered.

— LENEVE HELLYER and IAN FRITH

## 2B

We shall first introduce you to our class captains who do their best to maintain order in the absence or delay of any teachers. They are Rae Coughlan (girls' captain), Judith Bennett (girls' vice-captain), Peter Woods (boys' captain), and Ken Webber (boys' vice-captain).

Our class consists of many pupils (41), some of whom are gifted with noticeable athletic talents. Neil Puddey and Marion Olson are two outstanding swimmers, who represented the school very well at the area carnival. Bill Morel, Pauline Parkinson and Del Gordon are wonderful at athletics and proved themselves worthy of much praise at the school athletic carnival.

KOOLIBAH CAFE, The Boulevard, Toronto

Pauline is also the pride of our class, as she gained third place in the "Miss Toronto High School" competition; this was a wonderful reward for the rest of the class who supported her so very well.

Kathy Barracroft is the class clown, and we sure get some kicks out of her at some tough times. Thanks, Kathy!

## 2C

Nineteen girls and twenty boys make up our class. Our class captains are Barbara Morgan and Stephen Daley.

Dux of the girls in the half-yearly was Barbara Moore while Terry Maule was first out of the boys.

As a result of these exams Gillian Beveridge was demoted to 2D and Barbara Fairful and Gail Smith came up to join us in 2C.

Our class patron is Mr. Bulluss whom we would like to thank for helping us throughout the year; Mr. Bulluss also takes us for Social Studies and the boys for P.E.

Our entrant for the Miss Toronto High Contest was Barbara Morgan. We had many representatives in the athletics and swimming carnivals — S. Kidd, J. Ford, J. Hill, T. Maule, C. Thompson — to mention a few. The School Choir also has our support, mainly from the girls.

In conclusion, the class, as a whole, would like to wish all students success in the yearly examinations.

— BARBARA MORGAN and STEPHEN DALEY

## 2D

Our class consists of more than twice as many boys as girls, although this does not mean that the girls take a back-seat in class activities. This can be seen from the fact that Barbara Fairfull, Gail Smith and Shirley Wrightson have all gained promotion to 2C since the beginning of the year. Our congratulations to them on their good efforts.

In the half yearly exam, Barbara Fairfull and Chris McGrath shared the honours of first in the class, with Gail Smith a close third.

During the first half of the year we were joined by Terry Lewis, Jim Manners and David Arthur from 2C, and after the exam by Jill Beveridge. We welcome these people and know they will join in upholding the honour of 2D being the hardest working class in the whole school, and holders of the banner for the "Most Attractive Room."

Barbara Fairfull and Paul Gledhill have given good leadership as our class captains, aided well by their deputies Jennifer Guy and

Lindsay McCulloch. Since Barbara's promotion, Annette McKinlay has taken over the reins of captaincy and has already began a Class Oral Society.

On the sporting field Helen Belcheos performed extremely well to become 15 years girl champion at the Athletics Carnival, whilst Jill Beveridge and Barbara Fairfull were school representatives in the Zone and Area Swimming Carnivals. Rugby League Grade "stars" are Paul Gledhill, David Arthur, Greg Sharp, Peter Etherington and Chris McGrath with Soccer representatives being Robert Lydiard, Lindsay McCulloch and Ken Legge. In girls' Grade Basketball teams we have Jill Beveridge, Annette McKinlay, Julie Grahame, Barbara Fairfull, and in Softball, Helen Belcheos.

Our Class Patron is Mr. Osland and he recently lost one of his favourite pupils when Terry Lewis transferred to Swansea High.

## 1A

Our class room is situated at the end of the new block overlooking Stoney Creek. The class captains are Barry Wyborn and Judy Creagh. Mrs. Lankshear is our Class Patron.

In the Zone Swimming Carnival at Maitland our class was well represented as was the case with the Athletics Carnival.

Robyn Myers, our entrant in the Miss Toronto High Quest, took out first place. Also the class won the shield for the most money raised during the Fete, defeating 4A who had won the contest for the last three years. Stuart Snelgar came first in the half yearly exams with Graham Black second. Until then we had 45 in the class but five were demoted to 1B and Suzanne Kerrigan and Stuart Roby were promoted from 1B to 1A.

— JUDY CREAGH and BARRY WYBORN

## 1B

We were very proud to be chosen captains of 1B, which has proved so far to be a good class to be in. In the half yearly exams Stuart Roby was good enough to get himself promoted to 1A. We also lost three boys due to demotions — J. Hill, G. Southcombe and Peter Hough.

B. Mueller, G. Simmonds, B. Peterson, P. Ryan and W. Brown play in the 6.7 Grade Rugby team. Stephen Smith is in the 13 Years Soccer team. In swimming we were well represented in the boys at the Zone Swimming Carnival by L. Emerson, P. Burgess, S. Richardson, S. Smith. Athletes who represented us at the Zone Athletics Carnival were P. Ryan, R. Ellis, P. Burgess, S. Smith and W. Brown.

" LOG BOOK "

Page Sixty-nine

The Class Librarians are L. Emerson and Bobby Mueller. New class members from other schools are G. Holmes from Woy Woy and Bruce Carrall from Lismore.

In the girls the swimming representatives were P. Smith, A. Petherbridge and D. McWilliam. A. Parkinson was our representative in athletics and she became 13 Years Individual Champion. L. Libbesson, R. Vitnell, A. Petherbridge and D. McWilliam represented the school at Basketball. Our Hockey representative was A. Petherbridge.

Lynn Davies was our only newcomer from another school, namely French's Forest. A. Parkinson was promoted from 1D, S. Smith and R. Ellis from 1C and R. Vitnell, D. Berwick, J. Polglase, B. Carrol and Ron Best were demoted from 1A. The only girl to be promoted was S. Kerrigan to 1A.

— WAYNE BROWN and DEBBIE McWILLIAM

## 1C

1C is the only class in Toronto High School that is composed entirely of boys. Richard Ellis topped the class in the half yearly, followed by Stephen Smith.

The class captain is Geoffrey Daley and Ron White is vice-captain.

Due to their excellent work Richard Ellis and Stephen Smith have been promoted to 1B. Willy Brekvoot topped the class in Maths and is a promising student along with Bill Gore, Peter Teague, Chris Collins and many others.

Chris Stephens, Reg Malone, Greg Jamieson and John Evans are the best sportsmen in the class.

— RON WHITE

## 1D

1965 is a year the pupils of 1D shall always remember. Being our first year at High School, we have seen many new faces, made many new friends and have had to adapt ourselves to a new way of life; that is to a more grown-up way.

We have now finished our first half yearly examination. Congratulations to Colin Pyke on achieving first position, Anne Parkinson second and David McKenzie third. All three were placed into higher classes, and our best wishes go with them.

Class captains are Janette MacDonald and Ross Murrell who enjoy their class companionship very much.

Our class has been very fortunate in having Mr. Mitchell for Social Studies as well as being Class Patron. Mr. Mitchell's never

ending patience and understanding towards us is much appreciated by all, and we hope Mr. Mitchell accepts our gratitude.

Sportsmanship honours for 1D go to Anne Parkinson, who excels at high jump, broad jump, running and also swimming. Bronwyn Engert has also shown wonderful representation in swimming. We are also proud of Bruce Collins for his fine long jump performances.

1D pupils would like to take this opportunity to thank the ladies of the Canteen, whom we feel deserve full honours for the year. My goodness! The Queen honoured the Beatles. Evidently she has not been advised about our Canteen ladies, but never mind, ladies, we shall bestow the honour on you and from the bottom of our hearts we say, "A job well done."

Now we are into our second half year we of class 1D have set ourselves a goal and that is to improve ourselves in every way possible, mainly in class marks; and, in doing so, we know that Toronto High and Mr. Mitchell will be proud of us and will know that their efforts towards us have been well rewarded. Three cheers for Toronto High!

— JANETTE MacDONALD and ROSS MURRELL.

## 1E

The first person I think 1E should mention is Mr. Griffen who is our Class Patron. The Class Captains are Kerry Watt and Kim Watt. The vice-captains are Dianne Forbes and Robert Stevenson. In the monthly examination Michael came first and was promoted. In the half yearly examination Lynette Carr came first with Wendy Meakin second and Colin Jenkinson third. They were promoted to 1D.

Grade League players are K. Bayly and H. Lewis. Grade Soccer players are B. Gavenlock, P. Bennett, G. Osborn, G. Trapple. Those who were in the school swimming team are R. Stephenson, P. Becker, Kim Watt, Kerry Watt, D. Forbes and K. Witten.

Mr. Griffin took us on an excursion to Newstan Mine. It was very interesting and we enjoyed ourselves a great deal.

— KERRY WATT and KIM WATT
