TORONTO HIGH SCHOOL

Toronto . . .

Looking backwards, we find many nice improvements, one of the most important is our High School. Instead of sitting in a train or bus, much more time is available for study, sport or giving mother a hand. Many improvements in the shopping centre—new bank buildings and shops—one of the latest improvements is the real photo dealer shop of **BEN BAYL PHOTOGRAPHICS**. What a blessing for the Toronto amateur photographer. It is not necessary any more to drive your car 40 miles to ask a dealer questions (sometimes simple).

THE SPIRIT OF SERVICE

During the year the school has received the benefit of the activities of the three main service clubs in Toronto. The Rotary and Lions Clubs have provided us with hundreds of shrubs and the Apex Club has been building the third tennis court.

We are constantly aware of the spirit of service emanating from these and our own groups, the Parents and Citizens' Association and the Canteen Committee. We know, too, of the service activity in organizations such as the Smith Family, the Asthma Foundation, Legacy, Y.M. and Y.W.C.A., Scouts and Guides.

Within the school the opportunities for service are many—in clubs, choir, sport organization, class, house and social committees and prefect activity.

There is a need in everyone to serve, to give time and talent for the benefit of others. When the urge to do a good turn appears, act on it, do not count the cost or the return. The return is so often an unexpected reward of comradeship.

Some boys and girls go through high school feeling they are not yet equipped to serve others. However they may serve by preparing themselves well for future activity, by industry in lessons, by the acquisition of skills and knowledge, by making themselves better members of society. When

they leave school they do so knowing they have something of value to give for the betterment of their world in their chosen occupation.

Any occupation involves a measure of service. Tradesmen and professional men, carpenters, fitters, nurses, doctors, teachers all serve the society in which they live. The person who enters an occupation only for material gain is unlikely either to succeed in the occupation or to gain satisfaction from it.

The Spirit of Service is to be encouraged. Give part of yourself to others in service. They will then become part of you.

Parents and Citizens' Association

It is with pleasure that I submit this brief report of the activities of the P. & C. Association.

This year the Association has continued in its endeavour to provide increased and improved amenities at the School. Arrangements have been made for the completion of projects undertaken in previous years and a programme of tree planting and ground beautification has been commenced.

In this work the Association has been fortunate to have the assistance of the three service clubs of Toronto, viz.,

The Apex Club, which has undertaken the completion of the third tennis court at nominal cost.

The Rotary Club which has provided and planted seventy trees as a part of beautification scheme, and

The Lions Club, which as part of its tenth anniversary programme, has made a generous contribution to meet the cost of the remainder of the trees which were planted by students of the School.

Once again the Canteen Committee must be congratulated for their wonderful voluntary work which every year makes such a fine contribution to the progress of our School and the provision of school amenities.

During the year we have had several interesting guest speakers at our meetings and have given much thought to new projects which might be undertaken in the future. The attendance at these meetings has not always been as high as it should be in a district such as ours and I strongly recommend to you, the students of the school, that you encourage your parents to take a more active interest in our work for it is only from the combined efforts of the students, staff, parents and citizens that this school will continue to progress as it should.

The sincere appreciation of the P. & C. Association is extended to the many citizens and organisations which donated scholarships to the school for 1967. Our thanks also go to Mr. Smallman and the staff for the manner in which they have worked for the advancement of the students and the school.

On behalf of the Parents and Citizens, may I wish all students every success in the coming examinations and ask that they strive at all times and in all walks of life, to enhance the honour and prestige of the school.

Captains' Message

Beginning and leaving high school are both moments of great importance in the life of the student; First Formers and Sixth Formers have much in common for they are both anticipating the new life opening in front of them. On reviewing our six years of school we feel the most important thing for a pupil to learn is the ability to mix with others during his school life. Life at school will give the Junior Former only as much as he is prepared to put into it.

As the time for leaving approaches, Sixth Formers realise they are greatly indebted to the efforts of the staff of our school. We are especially grateful to the P. & C. and Ladies' Canteen Committee providing the finance for the teaching aids which have made our academic studies easier.

This year we have endeavoured to carry out our responsibilities as School Captains as well as possible, and we hope the future Captains and Prefects will as fortunate as we have been in receiving assurance and guidance from the school and staff. It has been a great honour to be chosen as School Captains of Toronto High and we wish our successors the same loyal support from the Prefects as we have enjoyed during this year.

Although we have been looking forward to leaving school for some time, we realise we are going to miss the old Toronto High School as the day approaches.

Library Report

As the Wyndham Scheme continues, the Library has been playing, and will continue to play, an increasingly large part in our students' education.

This year has seen a steady growth in stock. Since the last report, nearly 700 books have been added at a cost of about \$1400. This amount does not include the value of many books kindly donated by various benefactors throughout the year. Apart from books, the Library has subscribed to a variety of new magazines which have proved both popular and useful.

The school remembers with gratitude the contribution of Mrs. Clack, who left at the end of First Term.

Finally, a word of thanks to the Library Prefects—Marilyn Bath, Sue Etherington, Jane Field, Les Hunter, Lea Libbesson, Hank Merkenhof, Lyn Morgan, Colin Parker and Graydon Smith, whose support has been a valuable contribution to the smooth running of the Library.

—K. FRANKLIN.

Thanks to the Canteen

On behalf of all the pupils I would like to thank the ladies who come voluntarily every day to keep our canteen running. They prepare very wholesome food for our lunches.

The canteen has provided many amenities for the school, which have been very useful.

As our school is growing, more Voluntary Helpers will be needed next year. If you could spare one day every four weeks, please contact the Headmaster as soon as possible.

Astronomy Club Report

Only recently formed, with about twenty members, the Astronomy Club has been hampered by unfavourable weather. However, in spite of this, a very satisfactory field-night was held in July (resulting in only two cases of pneumonia and one of frost-bite). Several planets, the moon and numerous stars were observed and many celestial facts not previously appreciated were revealed with the aid of the telescopes. Reports on these were given by members at the following meetings, and cures for twisted muscles and stiff necks were exchanged.

Members are making individual observations, identifying constellations, etc., and hopefully watching for U.F.O.'s to claim Mr. Smallman's reward.

Great interest has been aroused and we are looking forward to some good clear night-skies during the warm weather.

Meetings are held fortnightly and new members are welcome.

—STUART R. SNELGAR, 3A.

Choir Report

The Choir has been very active this year. The first performance was at the School's Talent Quest, when the Choir opened the evening's entertainment. Anzac Day Commemoration Service was the choir's next engagement. We express our thanks to Mr. Mitchell who conducted the Choir on these two occasions.

However, Education Week was a week of great activity for the Choir, as sixty of the girls sang an anthem at the Education Sunday Service at the Toronto Methodist Church. Rhonda White also rendered a solo, "Panis Angelicus".

On the Monday afternoon of Education Week our presence was really felt, when, after much practice, a really good performance was given at the Newcastle Schools' Choral Festival, held in the City Hall. Many were the remarks and 'phone calls to the school, commenting on the outstanding appearance and sound of the choir.

Our most hearty thanks go to Mr. Pleasant who has spent much time and temper, perfecting our performance. We would also like to record our gratitude to Mrs. Probyn-Lee, Margaret Norris and Robert Mueller, who were our accompanists for Education Week.

At the request of Mr. Smallman, excerpts from "H.M.S. Pinafore" were performed as Toronto High School's contribution to the official opening of Education Week. Our thanks go to Mrs. O'Shea for her help in preparing us for this performance. We look forward to another presentation of a Gilbert and Sullivan Opera next year.

As Speech Night is fast approaching, practice has already begun, and this time we hope to be able to present a three-part choir with the senior boys, adding a truly masculine touch. With continued hard work, the Choir is assured of a most successful future.

—MARGARET LLOYD, RHONDA WHITE, 4A.

Education Week, 1967

Education Week opened on Sunday, August 6th. On that night, the choir sang at the Methodist church, and on Monday at the Choral Festival. On Tuesday evening, the cast of "H.M.S. Pinafore" sang at the opening of the Lake Macquarie schools' section of Cardiff High School.

Wednesday was Open Day at school, and parents were invited. Displays were put on by Art, Needlework and Home Science groups, then outdoors, the choir assembled and sang three songs. Rhonda White and Margaret Lloyd sang solos. This was followed by a mannequin parade by Fourth Form needlework girls. A display of weightlifting was given by Arthur Nurtsis of Fifth Form, a junior State champion. Mrs. Welch conducted a gymnastics display.

Social Committee Report

Early in the year, a committee of Fifth Formers took over the running of school dances—a job previously performed by this year's for First Form, and took place in the Community Hall. This started the ball rolling, and the second dance (this time at the Y.M.C.A.) was a triumphant success from beginning to end, enjoyed by all and sundry, and was also financially profitable!

At this dance, an all-school affair, the band was "The Impressions" as at the previous social and the following one, which was as complete a success—Fifth Form feeling they make a success of all they undertake (see class notes re "Cinderella").

It is hoped that many more dances of this standard will follow and keep the flag flying.

—JILL HUBY, Secretary.

Talent Quest

In April a committee of the P. and C. organised a talent quest. Mr. Pleasant was given the task of gathering the twenty contestants, all of whom were of a very high standard.

The judges, Mr. G. Berrill, Mr. W. Turner and Miss B. Murphy, had a most difficult task.

All the contestants received a token gift, and Kerry Moore of 1C, won the over-all Quest with a comedy recitation. Rhonda White, 4A, was second, and pianist Linda Probyn-Lee was third.

Sixth Form boys performed a comedy sketch of "Snow White" which had everybody "rolling in the aisles". The girls sang "Those Magnificent Men in their Flying Machines", and some other boys played the guitar while some girls danced.

There was a record crowd in attendance, and all appeared to enjoy it.

—PAM SMITH, 3B.

Girls' Debating Team

This year Bronwen Fleming, Linda Probyn-Lee, Christine Davis and Margaret Lloyd formed the girls' debating team. Our first debate was against Wallsend High School. We won this debate by a relatively small margin and Bronwen Fleming was congratulated as being the best speaker of the day.

As there are only three schools in our division (Wallsend, Booragul and Toronto), we had our second and last debate against Booragul High School. This debate was held the following day, and even though we weren't prepared for this debate, we were defeated by only a small number of points. Next year, we hope to gain entry to the semi-finals.

—MARGARET LLOYD, 4A.

Penfriends' Club Report

This year at Toronto High School, a new club, the Penfriend's Club was formed. At our first meeting, the following officers were elected: President Colin Parker, Secretary Margaret Lloyd, and Patron Mrs. Smallman.

A few meetings have since been held, and through these meetings, letters have been exchanged, and addresses of penfriends given out. As we are only a new club, we haven't had much time for many new activities. We hope that this club will be active again next year, and that friendship between people from different countries will be fostered.

—MARGARET LLOYD, 4A.

Sports' Report

Sportsmaster's Report

1967 has been an exceptionally good one in many regards. The first was in regard to the move to Speers Point Olympic Pool for the Annual Swimming Carnival which proved highly successful. Following this, we became noted for winning both the Zone G Swimming and Athletics Carnivals—a tremendous effort.

In winter, four Rugby League, four Soccer and one Australian Rules teams were entered in the Zone G Competition with excellent results. Australian Rules, in particular, became a force in the competition.

Sailing and golf have remained popular in the school, while the School was awarded a Progress Pennant in Life Saving for 1966-67 as a result of Life Saving Courses at the end of 1966.

Sportsmistress' Report

The girls entered Zone G Winter competition for the first time, with teams in Senior and Junior Hockey, Senior and Junior Basketball, Senior and Junior Softball, achieving excellent results for such inexperienced teams. The winter sports competition in Newcastle has proven highly beneficial to the ability and enthusiasm of Toronto girls.

Those pupils who were not selected in teams were taught the basic skills of the sport of their preference during the school sport afternoons. At the end of winter, a House Knock-out competition was organised, with Argo House winning the over-all point score. Sirius gained second place, with Victory third and Endeavour fourth.

Umpires' Examinations were held for girls interested in Softball and Hockey. The result of these examinations are not to hand to date.

Two girls were selected to play in the Newcastle Directorate Open Age Girls' Hockey Carnival on Wednesday and Thursday, 14th and 15th June, 1967. These girls were Kathy Hill from Form Five and Margaret Keith from Form Four.

The Toronto Urban Area Committee has been of great assistance in providing a hockey field and goal posts for the girls of this school. Our thanks for their willingness to provide these facilities.

Throughout the year, a Gymnastics squad has been practising on Fridays at lunch time. This has provided an interesting extra-curricular activity for those pupils participating and has improved the standard of Physical Education in general and display work in particular.

First Grade Rugby League

PLAYERS: G. Mueller, D. Gledhill, I. Vitnell, K. Conway, T. Maule, K. Goodburn, D. Olrick, M. Paine, P. Plant, A. Nurtsis, R. Stephenson, C. Veldon, P. Dixon, J. Walker.

RESULTS: Won 2 matches, lost 5. Vs. Raymond Terrace, lost 12-7; vs. Wallsend, won 16-3; vs. Raymond Terrace II, won 28-0; vs. Belmont, lost 27-0; vs. Booragul, lost 7-5; vs. Raymond Terrace, lost 15-0.

Best and Fairest Player: Terry Maule.

Coach's Comments: This team must be complimented on a good early showing in the competition. Probably the smallest team in the competition, the boys found the bigger sides too solid towards the end of the season and eventually the team had to be withdrawn when too many players became unavailable due to injury.

The team played in the School's first effort in the University Shield, being beaten 8-5 by Jesmond.

15 Years Rugby League

The team lost the first two matches, but with the return of J. Evans and G. Jamieson, from the first grade side, they were undefeated until the last match. A win would have given them co-premiership with Jesmond, but were defeated by a field goal 2-nil, in a hard match. Had the team been at full strength from the beginning of the season, the last game would not have made the difference.

The team finished third in the competition to Jesmond and Raymond Terrace. Greg Jamieson wins the award of best and fairest player of the team.

14 Years Rugby League A

Players: M. Engert, D. Skinner, D. Anderson, R. Ramsay, G. Willetts, J. Roberts, C. Roberts, D. Hill, S. Gill, P. Fahey, R. Forbes, P. Collins, M. Dyball, C. Boussles, K. Gritten, G. Thompson, G. Camp, W. Daly, J. Martin, P. Hogan.

Results: Vs. Raymond Terrace I, won 14-3; vs. Wallsend, won 16-11; vs. Jesmond, won 9-3; vs. Raymond Terrace II, won 36-0; vs. Cardiff, won on forfeit; vs. Toronto II, won 44-0; vs. Booragul, won 13-2; vs. Francis Greenway, lost 5-17; vs. Raymond Terrace (non-competition), lost 5-14.

Best and Fairest: John Roberts.

Coach's Comments: Toronto High team was very successful in the competition, going through undefeated until meeting Francis Greenway in the last game. Francis Greenway, which contained a number of 15 years players, won this game, and so won the competition. Despite this disadvantage, the Toronto boys showed fine spirit and at times worried their opponents.

In most games, the team's form was convincing enough to give the other sides very little chance.

—J. D. IMRIE, Coach.

14 Years Rugby League B

Players: D. Stallard, P. Callen, D. Peterson, D. Peden, M. Dyball, B. Smith, R. Ellis, G. Camp, K. Gritten, G. Milton, G. Thompson, R. Fennell, J. Martin, W. Daly, M. McWilliam.

Results: Vs. Raymond Terrace, lost 3-22; vs. Francis Greenway, lost 2-42; vs. Booragul, lost 2-22; vs. Toronto A, lost 0-44; vs. Cardiff, nil all draw.

Best and Fairest Player: Kim Gritten.

Coach's Comments: Although no victories in score were recorded by this team, the spirit which they displayed was a credit to themselves and their School. Post-mortem analyses of most of our games showed that we were lacking both size and experience. Notwithstanding this however, many individuals emerged as forces to be reckoned with in the future. Notable among these were half-back P. Callen and second row forward, G. Milton. The whole team tried hard in every game and earned the respect and admiration of the coaches of every team they played.

—P. J. MEARRICK, Coach.

Results: Vs. Raymond Terrace, won 10-0; vs. Wallsend, lost 0-4; vs. Cardiff, draw 1-1; vs. Eoragul, lost 0-2; vs. Jesmond, won 5-1; vs. Raymond Terrace, won 9-1; vs. Wallsend, lost 1-5; vs. Cardiff, lost 1-2; vs. Booragul, won 2-1.

Best and Fairest Player: Tom Palagyi.

Coach's Comments: This was Toronto High School's first attempt at open Soccer. The competition was designed for senior pupils in Fifth and Sixth Forms. We entered the competition with a junior team; one Form Six pupil and the remainder from Forms Four and Three. However, we had a particularly successful season.

As with most sportings teams, the best efforts were against the formidable teams. Our boys were particularly outstanding in the first half against Wallsend in the second round, and in the unofficial match against Booragul.

The team would like to congratulate Booragul on their outstanding success in the Tasman Cup Series.

—A. TAYLOR, Coach.

FIRST GRADE SOCCER

Back row (left to right): Mr. Taylor, R. White, K. Webber, R. Murrell, W. Leary.

Players: P. Dennett, J. Hill, G. Smith, L. Emerton, R. Richardson, G. Becker, W. Leary, R. Delaney, R. Petrie, W. Page, N. Remington, G. Pearce, I. Frith.

Results: All matches were lost, although two games were won on a forfeit.

Best and Fairest Player: Ray Delaney.

Coach's Comments: All matches were well played, the opposition having a slight edge in all games. Possibly with the support of several of the 15 year players, who played in the Open Team, this team could have shown a much better result score-wise.

—P. STAHLER, Coach.

14 Years A Soccer

Players: S. Yates, J. Ivens, I. Guy, R. Mathews, D. Gibson, N. Riddock, I. Skennar, G. Davidson, W. Johnson, G. Sellars, N. Weir; reserve: R. Gorton.

Best and Fairest Player: Greg Davidson.

Coach's Comments: The team commenced the season with brilliant style, convincingly beating their opponents, but the wet weather water-logged both the grounds and their good start, to finish fifth in the competition.

14 Years B Soccer

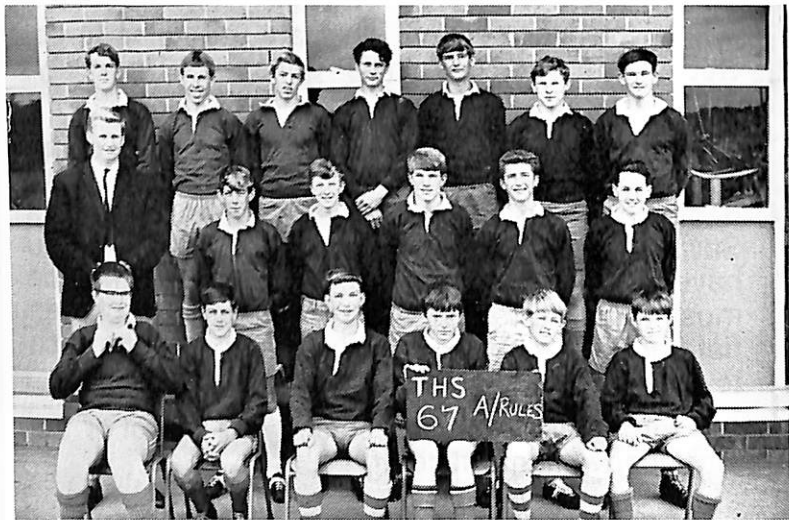

Players: G. Petrie (Capt.), B. Wyborn (Vice-Capt.), R. Connelly, P. Griffiths, P. Mayo, D. Huthnance, G. Southcombe, P. Hewson, G. King, D. Plant, J. McDonald, P. Casey, T. Mason, G. Edwards.

Results: Eleven matches were played against other schools in the Grade Competition and although we were unable to win any of the matches, the team members enjoyed their competition. 100 goals were scored against us, with 11 goals scored by us. B. Wyborn scored 7, G. Petrie 3 and D. Plant 1. The closest match was when Francis Greenway defeated us 6-4 in the first round.

Best and Fairest Player: Barry Wyborn.

Coach's Comments: Although this team did not share in victories, being the second of our teams in this Grade, they have gained much good experience and will benefit from the games played. The members of the team were much smaller than most of the other teams played, and this lack of height was a great handicap. This was especially noticeable in the case of Russell Connelly who, as goalie, was often in position to prevent a score, but was too short to reach high shots. A pleasing feature of this team was that although beaten, they always continued to play their hardest, even to the final minute of each game. Their sportsmanship and friendly rivalry with opposing teams was much appreciated.

Best and Fairest Player: Emile Morel.

Leading Goal Kickers: Alex Menzies (11), Bill Morel and Edward Milton (6).

Coach's Comments: The School in its first season was very successful, coming second in the competition.

Every boy in the side improved steadily with each game and although many of our players were new to football's finest code, by the end of the season, Toronto High were more than a match for most sides. The local champions Cardiff High inflicted our only defeat, and we are looking forward to crushing all opposition next year.

Congratulations go to Ian Forster who was selected in a representative side which played matches in Broken Hill.

The most pleasing aspect of the team was the players' willingness to "get in" and get the ball. Many of the opposition found Toronto High's robust play more than they had bargained for. Graham Swilks set a fine example to his team, Ross Hackett was a strong centreman, Alex Menzies proved to be a high-scoring full forward, while Edward Milton, Emile and Bill Morel were powerful in the rucks. John Oliver, Gunter Schymkiw and John Nordheim were reliable backmen. Stuart Snelgar and Peter de Jong proved evasive forwards while the rest of the side were useful utility men, being called upon to play in many positions.

The highest score recorded for 9 holes was 76, but no name will be mentioned.

Coach's Comments: Golf again was available this year during first and third terms. Twenty-eight boys chose this as their sport and were very keen in their participation of the individual and house competitions. As a result of playing with the school, four of the players have joined Kilabon Bay Golf Club, where our games are played, and our thanks are due to the Golf Club for allowing our pupils to play on the course.

Coach's Comments: The sailing club is entering the last term of its second season. Whilst we have not seen the thrills and spills of last year, we have seen many exciting races and close finishes.

The record of 57 minutes, 34 seconds set by G. Hinten and P. Woods in "GeeJay" during 3rd term 1966 was broken in the first week of third term, 1967 by N. Remington and I. Frith on "Tangara". Their time was 57 minutes 33 seconds.

SPORTS AWARDS

What is a Sports Blue?

A Sports Blue is an award granted by a committee comprising the Headmaster, Sportsmaster, Sportsmistress, Teachers in charge of all grade sports. The award is in the form of a pocket to be worn on the school blazer or in the form of a pennant. On the pennant, the sport which the 'Blue' is awarded is shown.

HOW THE BLUE IS AWARDED

The conditions governing the award of Blues are as follows:

- (a) A Blue can be gained only once in any particular sport by a candidate.
- (b) For a sport concerned, a candidate must be a member of the School's First Grade Team and possess above average ability.
- (c) For the award of an athletics and swimming Blue a candidate must qualify for membership of the School's Senior Athletics or Senior Swimming division. THE CLASSROOM

Let's take a peep behind the door,
Of a certain classroom 'number four'
We find the boys are playing tricks
On old teachers with walking sticks.

The girls with pigtailed down their backs
Are finding that the ends are black.
Some are reading of far-off lands
Of waving palms and golden sands.

But now we see the teacher bold
All dressed in black with watch of gold
And waving a stick that's called a cane
Dealing out a lot of pain.

The subject he yells out loud
While in the room there was not a sound
Is Geography to be sure
I doubt if they heard any more.

At that moment a bell did clang
And the children ran out with a bang.
The classroom is deserted and bare
For the children are no longer there.

—G. PAGE, 1A.

A BIT OF NONSENSE

Late last night at six o'clock in the morning
An empty house full of furniture caught fire
The people who were in it brought a bucket of
cold water and scalded themselves.

The ambulance which was driven by two dead horses
Ran over a dead cat and nearly killed it
The victims are now in the Sydney Hospital at Newcastle
In the best of health, expected to die any minute.

—LEXIE WILLIAMS, 3D.

THE SMITH HORSE

I know a horse named Smith
He eats a lot of hay.
And when he's in a cranky mood
He always goes Nayyyy.
I know a horse named Naysmith.

A WOEFUL TALE

Now here's my tale, sad but true
About a girl whose name was Sue,
She had a boyfriend by the name of Ken,
The trouble was he was only ten.

They went to the pictures one Saturday night
When poor old Ken got into a fight.
She just stood there full of awe
But the next day Ken was sore.

She knew now that Ken was bad
For this reason she was sad
The tale of Ken is a tale of woe
For now Sue is left without a beau.

—S. ETHRINGTON, 3C.

RAIN

Softly, silently falls the water,
Fading away, will it come again,
Forever trickling, softly sprinkling
T'is sprinkling rain.

Thundering, roaring, lightning flashing
Mobile soil, clustering all the drains,
Thrusting hailstones, thunder clashing
T'is thundering rain.

Small streams flooding, muddy water
Trees blow out their loud refrain
Bushes shaking, branches breaking
T'is pouring rain.

Rain is teasing, it's slowly easing
Would it, will it come again,
Scenery brightens, the atmosphere lightens,
T'was damaging rain.

The day is clearing, people appearing,
A rainbow is shining, but all is in vain,
The storm is over
T'was rain.

—N. JOHNSON, 1A.

TEACHERS

This covers a broad topic,
Yes! Broad.
For teachers can be found in many shapes and sizes
And find their fun in giving prizes
Of two hundred lines
Written out five times.
Always full of criticism
Lecturing on the triangular prism
But if you find the spectrum dull
You can always try the human skull.

If you are lucky enough to meet
A timid teacher in the street
Watch her face suddenly go red
For she can't speak but stammers instead.
Bold teachers on the other hand
Get quite outrageous and out-of-hand,
They don't smile, 'cause they can't stand
Cheeky pupils of an aggravating brand.

—SUE DOREY and SUE OLRICK, 2A.

MORE TIME YET

Yesterday was of peace.
My life calm, serene
With bursts of laughter.
But one world full of hate
North of us by a few miles,
Exists, but not of peace,
Tormenting our God-sprawled world
With death and slaying.

But I am not to blame
For I can't vote for one
Who'd free suppression
I am not of age
I cannot free my brothers
of this so-called democratic government
Which sends them to be slain.
And I hate a uniform
For what it represents,
A uniform represents only death.

—KEITH WALKER, 4B.

EXAMS

It's exam time
Oh why
As the clouds drift by
On a clear blue sky
Must I remain a prisoner?

It's exam time
And day by day
In the classroom I slave
I cannot escape
As I am a prisoner.

—SUE & ROBYN, 3B.

WHERE THEY WHAT ?

"Inquiries and place where they sing" . . .
The School Song follows echoing
Through music rooms and halls, round and round—
A harsh cacaphony of sound!

Sopranos, struggling screechingly
To reach the unreachable "High G",
Contrive to sing "F sharp"—and then
Apportamento down again.

Contraltos, (one quite rightly fears)
Have all been singing years and years.
Who cares if, wearied after that,
Their upper registers go flat?

The tenor row is where they go
Who find the bass notes far too low.
It makes no odds—I wonder why?
That tenor may be just too high.

Profundo basses, all aspire
To be the backbone of the choir.
It matters not that they sing best
Quite half a bar behind the rest.

The School Song always seems to me
Excruciating agony:
But just let anyone suggest
The choir be asked to take a rest.

SHADOWS

The creeping, waving shadows clasped and groped at the bed and pieces of furniture in the small child's room. Stiff with fright, the fever-craved child stared as the lights outside produced shapes fear-inspiring and mysterious; dancing around the room, seemingly mocking his futile attempts to cry out for his mother. His throat dry and parched, unable to gather sufficient courage to call out, he broke free from the fearful trance produced by the shadows at play, grabbed the bed clothes and dragged them over his head, cowering in fear.

I would not be afraid!

The young woman hurries along the darkened street, her stiletto heels hammering a staccato rhythm upon the concrete, sending a crashing echo down the deserted alleyways and side-streets. Her overwrought body begins to feel terror as shadows cast by the street lamps seem to close in on her; as if to grasp and strangle her. She looks around, frantically seeking another sign of human life, which she imagines will give her courage. Finally she can stand no longer the shadows, which seem to harbour malevolent, evil creatures. With a fearful scream she breaks into a run, trying to escape the shadows and all their fear-creating shapes.

I would not be afraid!

I would be thankful to glimpse a shadow and its shape, movement and other characteristics; to be in bed and see them prancing upon the walls; see the objects which create them; to walk down a street at any time and see the shapes thrown everywhere. For me they would harbour no malevolence, fear or such else; they would make me tremendously grateful. For I am blind.

—STUART SNELGAR, 3A.

THE BEACH

That day was wonderful!

In the early morning the rising sun formed a path of gold across the blue waves

The roaring of the waves could be heard as a huge spray of water gushed over the outlying reef.

The sand felt cool and crisp under the foot and the outgoing tide had left little crabs busy making new homes.

The sea air had an aroma of dead fish and we found later that an octopus had been left by the tide.

Gradually surfies with colourful beach boards arrived followed by girls in brief bikinis.

The brightly spotted and many assorted coloured umbrellas shot up like mushrooms on the sand.

As the sun set we left that beautiful beach with beer cans, cartons, apple cores and papers scattered all over the sand.

Class Captains are Lyn Johnson and Nicol Riddock. The Vice-Captains are Heather Steele and David Anderson.

2E

Class Captains of 2E this year are Lauren Kidd and Graham Becker. Phillip Callen and Shirley Stephenson are the Vice-Captains. We would like to thank all the teachers, especially Mr. O'Brien, our class patron, for their assistance throughout the year.

Our class was well represented in the School Sporting teams. Susan Grigatis, Anne Woodbine (Athletics), Kay Spencer, Marilyn Maddrell and Vivian McKenzie (Softball) were the girls, while Ray Mathews, Greg Sellars and Doug Gibson (Soccer) and Doug Peterson (Rugby League) were the boys who took part.

We have been lucky also to be able to go on excursions to the Oak Factory and to Gosford, which were very helpful to our studies.

The boys have been very civic-minded by helping in the job of keeping the school tidy and working on a tree planting scheme to beautify the School.

—LAUREN KIDD.

3A

Class 3A, which is very well-behaved and an intelligent class, inhabit Room 22 in block D. Its Class Captains are Stuart Roby and Jenny Beasley, who do an outstanding job keeping law and order.

We have many good athletes in our class and are always well represented in school teams. Our singing talents have also been displayed in choir as well as in the classroom. (Dianne Woods deserving a special mention).

We have voted Marilyn Jack the most talkative person, with the mob in "Gossip Corner" running close behind.

We say thank you to all the teachers who have put up with us this year (although we know it has been their pleasure in teaching such a mentally alert class).

—JOHN BEASLEY, STUART ROBY.

3B

First of all we feel it our duty to congratulate Mr. Imrie for not retiring as our Class Patron during the year. We know we have not been an easy class to control and we have enjoyed every minute of it.

We would also like to thank Mrs. (psychedelic) Jordan for making our English Riots as bright as possible.

Our conscientious angels consist of 21 girls and 16 boys, of whom many are naturally sweet nightingales of our school choir.

We had many "starry" athletes and swimmers representing the school throughout the year, but we will not name them as we do not wish to boast.

Many of our class have "sit-in" sessions with Mr. Davis nearly every day.

Last of all, we would like to wish the Sixth Formers all the luck when they leave school.

—DEBBIE McWILLIAMS.

3C

Our Class Captains are Maxine Penno and Gary Pearce, and Vice-Captains are Cheryl Harris and Mario Macchia. Mr. Mearrick is our Class Patron. Colin Pike came first in the half-yearly examinations, and Maxine Penno was second.

At the Zone Athletics Carnival our representatives were Diane Berwick, Maxine Penno, James Hill and Colin Pike. All four qualified for the Area Carnival. Beverly Pluis and Cheryl did a fine performance in a play which, although unable to be presented on play night, was performed in front of the class in full costume for our pleasure. Chris Stevens, Bill Gore, Barry Peterson, Vicki Field and Victor Cousins also performed a play for the class. Paul Ryan, Mario Macchia and Wayne Daly helped in the production. Of course, without the help and guidance of Mrs. O'Shea, the plays would not have been possible.

—MAXINE PENNO.

3D

Firstly, a word of thanks to our Class Patron, Mr. Hinten, whose patience and understanding have helped us all during this year.

Our Class Captains are Lexie Williams and Dennis Palmer, while the Vice-Captains are Kathy Kerr and Ron White.

In the sporting field we had some successes, as Diane Beddow, Ron White and Colin Veldon were in the top three, whilst at swimming, Lexie Williams became 15 years swimming champion, and Ron White was second in his division.

Congratulations on first place in class to Barry Barker (who has since left) with Michael Carroll and Bill Astill second and third respectively in the half-yearly examinations.

In conclusion, I would like to thank, on behalf of the class, the teachers who have gallantly coped with us and our young sense of humour.

—LEXIE WILLIAMS.

3E

This is the worst of all worsts that hell could have devised"

Ours is a small class this year, consisting of 21 students—5 girls and 16 boys. Three of our students have left during the year to seek jobs. They are Ken Legge, Jeannine March and Linda Roberts.

Class Captains are Raelene Farragher and Ross Murrell, and Vice-Captains are Virginia Guy and David Hines.

Mr. Mitchell, who is our Class Patron, is our Social Studies teacher. Gary Smith and David Hines are our two librarians. In the half-yearly examinations Robert Stephenson topped the class.

We have two outstanding athletes, both of whom hold records in athletics. They are Robert Stephenson and Bruce "Stick" Collins.

In conclusion, we would like to thank Mr. Mitchell as Class Patron for his help during the year.

—RAELENE FARRAGHER, ROSS MURRELL.

4A

Our class consists of only 25 members, although at times it is a little difficult to believe with the amount of noise we are capable of producing.

Toronto High should be proud of our class (with our renowned reputation). Besides possessing the qualities of intelligence, excellent application, attitude, we are also extremely modest.

Outstanding sportsmanship prevails amongst our class members. The majority of our students being participants in inter-school sports each week and as well many participated in events at the Zone and Area Carnivals. The entire female portion of the class delights Mr. Pleasant by being members of his creditable choir.

Two members of the "H.M.S. Pinafore" cast, Buttercup and the Captain, are among the leading personalities of our illustrious group.

Mrs. Smallman, our Class Patron, is delighted each day by our unique pronunciation of French and German and is continually commenting on our progress.

Pre-School Certificate Examinations have enabled our teachers to be assured of our success in the forth-coming examinations.

Mr. Davis could not bear to part with some of his beloved Maths class, so instead he has divided it into Advanced and Credit Levels.

During a practice Science lesson, quite accidentally, a piece of cake somehow managed to be boiled in a beaker of water. On the same day, the hair of a certain girl, near the bunsen burner, was no more.

Our sincere thanks go to all the members of the staff for their help and guidance in making 4A a class to be proud of.

—BRONNIE VEALE, CAROL SMITH

4B

Our class, being a class of respectability and talent, have used our spirit and good standards to the highest of our class' abilities to win places in many competitive teams.

This has been carried out by most of our sporty-minded pupils, who between them, have helped the Toronto High School Open Soccer team win a match against Booragul High School—a team which qualified for the State finals. Our class is also strongly represented in the School Athletics team by Miss Cheryl White, who entered as a competition in the women's weight-lifting championships. With Mr. "Fish" Puddey, we have a budding, future swimming star, who represents us in the School Swimming team.

The "Class Clown" award this year goes to that lovable charmer, the one and only Charles Podmore. The four outstanding personalities in our class are the Communist-Hippies, Keith Walker and Peter Woods, and the Atheist-cum-Liberals, Denis Morgan and Rod Bowyer.

KATHEE BARRCROFT, NEIL STANBOROUGH.

4C

Our class consists of 6 girls and 10 boys, and Mrs. Bendeich is our Class Patron. The Class Captains are Barbara Moore and Terry Maule, while Sue Barrcroft and Stephen Daley are Vice-Captains.

Our class is represented in many fields of sport. In the swimming by Terry Maule, Chris Thompson and Stephen Kidd, and in athletics by Chris Thompson. Also many of our class travelled into Newcastle for grade sport during the winter competitions.

Some of our class are in the School Choir—namely Barbara Moore, Stephen Daley, Phillip Plain and Terry Maule. Our class talker is Terry Maule, and our class giggler is Carolyn Field.

All of 4C wish Sixth Form and the rest of Fourth Form the best of luck in their examinations.

—BARBARA MOORE, TERRY MAULE

5B

"Ignorance is bliss . . ."

Class 5B has 17 scholastic geniuses, and excell in competition, with Arthur Nurtsis (N.S.W. and Combined High Schools' Heavyweight Weight-lifting Champion), Kathy Hill (Newcastle P.S.A.A.A. Hockey representative) and Eddie Milton (Aussie Rules Zone "G" representative) to name just a few who have excelled beyond reproach in their respective sports.

It was with regret that we fawelled at least two of our fellow pupils.

In conclusion, we would like to thank our Class Patron, Mrs. Jordan, for her outstanding guidance and helpful hints on life.

—AMANDA SPENCER, EDDIE MILTON.

SIXTH FORM

This year is an historic one for our school as it is the first year a senior form will have completed studies at this school and is also the first year the Wyndham course will be completed by students.

In the past six years we have been fortunate to occupy the position as the senior form and as such have supplied the school with most of its prefects and other student officials. We feel that we have done our best to establish traditions and standards of high calibre for future forms to follow and develop and we hope we have not let the school down. This position has been an enjoyable one for us, but has had its difficulties because we had no senior forms to look to as a guide. We feel that it has been a rewarding six years, both for the knowledge and the enjoyment we have gained.

Perhaps the most important thing is to thank the staff which has guided us over these six years and in particular to thank Mrs. O'Shea, our Class Patron, without whose guidance and patience would have made the past two years more difficult for us and our class organisers.

The past two years, however, have not been all hard work, and it will be the most enjoyable occasions that we will remember. We have had two surfing safaris, the first in 1966 to Catherine Hill Bay, and Moonie Beach, and the second in 1967 to Nelson Bay. The Sixth Form Rally-Geography excursion to Morpeth and back over some treacherous roads proved highly successful, with a narrow win by Bill Bendeich in his Austin Freeway from John Greenhalgh in his big light green drag machine, and Mr. Mitchell in a potent MGB, with Warren Stanborough trailing with a low powered VW. Casualties were high, however, with a broken water pump in the Freeway and a rooster being separated from its tail in a display of magnificent driving by Mr. Mitchell.

This year has also been a year of great advancement for our individual class members. A few of our number no longer have their provisional licenses, while others have not been as lucky, and have received extensions, because of over-anxious driving. Romance is another field in which some of our members have made great progress, although under difficulty and hindrance from Mr. Davis and his Maths class.

Our class wishes the school success and good fortune in every field of endeavour over the following years, although none of us wish to return in 1968, as we all hope to pass our examinations, and at least attain a position as street cleaner, which one of our boys says he may reach.

—K. CONWAY.
